Dear Sirs;

I am very much interested in part time work with the Federal Bureau of Investigation while I attend law school. I am under the impression that you have such jobs for students while they attend school.

I am now enrolled in the law school at the University of North Dakota. This is my first year in the law school but my fourth year in college. I would appreciate it if you would send me the necessary application blanks so that I may apply for such a job. By transferring to a law school in Washington I would have two years left to complete in the law school before graduation.

Yours truly,

Wesley G. Grapp

FEDERAL BUREAU OF INVESTIGATION

Dear Sir:

Reference is had to Director's letter dated February 24, addressed to WESLEY G. GRAPP, Grand Forks, North Dakota, Messenger Applicant, bureau file 67-188,613.

Please be advised that the above applicant was interviewed while the writer was at Grand Forks, North Dakota. The applicant was born in Aberdeen, South Dakota, and has lived there except for a portion of the last two years of his life. His father is of German ancestors and his mother of Irish ancestors, and both his parents were born near Osage, Iowa, and have lived in the United States all their lives. He has three brothers, two of whom are carpenters and are so engaged at Aberdeen, while another brother is with the National Guard Unit of Aberdeen, South Dakota, at Camp Ord, California.

Applicant states that none of his family are connected with or have any interest in any other country except the United States.

Applicant states he graduated from the public schools in Aberdeen in 1936, then attended Northern State Teachers College in Aberdeen for two years. For financial reasons it was necessary for him to stay out of school and work. Applicant states he worked for the Montgomery Ward Store in Aberdeen for one year as a clerk, and then quit to attend school at the University of North Dakota, which he attended for six months, but running short of money, returned to Aberdeen, and again worked for the Montgomery Ward Store there for six months. Last fall he quit and returned to the University of North Dakota, where he is presently enrolled in the school of law, and at the end of this school year he will have completed one year of law and not quite three years of liberal arts. He states by a small amount of work he could receive a Ph. B. Degree in Liberal Arts; however, that because of financial reasons he will not be able to return to school next fall unless he is able to get employment. The applicant is anxious to complete his studies in law.

Notes for Examining Physician

WEIGHT.—Males, without clothing, and also in ordinary clothing without overcoat or hat (weigh twice); females, clothed, but without wrap or hat. If overweight, state whether due to bone and muscle or to fat.

HEIGHT.—Without boots or shoes; observe that no appliances are used to increase.

The examination should include the following observations:

1. **Eyes.**—Ptosis; discharge; corneal scar; pterygium. In recording distant vision consider 20 feet as normal and report all vision as a fraction with 20 feet as numerator and the smallest type read at 20 feet as denominator. If glasses are used, record for each eye the finding with and without glasses. Near vision must be reported. In testing vision without glasses the applicant or appointee should be instructed to remove the glasses at least one-half hour before testing uncorrected vision.

2. **Ears.**—Evidence of middle ear or mastoid disease; condition of drums; discharge. In recording hearing, record 20 feet as normal distance for conversational voice and record deviation from normal as fraction with 20 as denominator and actual distance as numerator.

3. **Nose.**—Ability to blow through each nostril. If free, a speculum examination would not be indicated.

4. **Mouth and throat.**—Missing teeth, pyorrhea; tonsils, hypertrophy or disease.

5. **Gastro-intestinal.**—Ulcers, inflammations, etc.

6. **Thyroid.**—Presence of tumor in neck and tremor, exophthalmos; nervous high-strung disposition, especially in women.

7. **Heart.**—Murmurs. State whether functional or organic. If valvular disease exists, state whether or not it is fully compensated. Arteriosclerosis.

8. **Lungs.**—It is necessary that the auscultatory cough be used. If tuberculosis is present, state whether active or arrested; if arrested, state your opinion as to how long it has been quiescent. Sputum to be examined for tubercle bacilli in all suspected cases.

9. **Hernia.**—Give details as to size, location, etc., and whether well-fitting truss is worn. Inguinal hernia exists when ring is enlarged and on coughing visceral impulse is felt which follows the finger on withdrawal.

10. **Varicocele.**—If varicocele is present, state approximate size—e. g., size of walnut, lemon, etc.

11. **Flat foot** of such a nature as to incapacitate or become aggravated by work or be alleged later to have been caused by accident or occupation. By "flat foot," as used in this form, is meant a weak foot with impaired function, the term being equivalent to "fallen or misplaced arch," an abnormal condition. Impairment of function is the point to be noted. An anatomically flat foot, but strong, is not disqualifying.

12 and 13. **Scars, deformities, atrophies, and paralyses** should be noted, but it is not important that small insignificant scars or blemishes which might be referred to as marks of identification be recorded.

14. This entry should include symptoms and full history of any mental or nervous abnormality.

15. **Urinalysis** to be made in case of persons over 40, and in all cases where arteriosclerosis, nephritis, or diabetes is suspected.

Record of urinalysis, if made: Sp. gr. 1.018 Albumen no Sugar no Casts no
Blood pressure: Mm. Hg. systolic 112 Mm. Hg. diastolic 64
If tachycardia is present, give pulse rate: Sitting 66 Immediately after exercise 96 Two minutes after exercise 68 Cardiac reserve good

He stated that applicant is a very fine looking chap and possesses a good personality. He added that applicant has no un-American tendencies and that he would recommend him without any hesitation whatsoever.

EDUCATION:

Miss RUBY McKENZIE, assistant Registrar, furnished applicant's record which reflects that WESLEY GLEASON GRAPP, 1116 9th Ave. S. W., Aberdeen, So. Dak., was born at Aberdeen, S. Dak., October 19, 1918; Parent, Mrs. W. C. GRAPP.

Applicant entered the University of North Dakota, College of Liberal Arts, September 19, 1939. He has maintained a consistent "C" average, receiving only one "D" and two "B's". He transferred from Northern Normal and Industrial School at Aberdeen, S. Dak., where he did his first two years of work. The records reflect that he maintained a "C" average there.

On the Otis Aptitude test applicant received a score of 39, Quintile rating 1, and Percentile score 17, which indicates that applicant was 83rd in a group of a hundred or in the lowest group.

Applicant was suspended for an indefinite period by the student affairs committee on March 10, 1940. The suspension was lifted March 18, 1941. Miss McKENZIE advised that she thought this was for drinking.

DEAN W. G. BEK, College of Liberal Arts advised that he did not remember applicant as he was only in the College of Liberal Arts one semester.

DEAN O. M. THORMOSGARD, College of Law, advised that GRAPP is a "C" student and there is nothing outstanding about him and never will be.

He stated that although GRAPP'S behavior and conduct around the Law School has been very good he was recently suspended and that Dr. SAM HAGAN could furnish detailed information as to why.

He advised that applicant resides at 2600 University Ave., which is the Beta Theta Pi Fraternity House of which applicant is a member.

He stated that he is in no position to pass on the moral character of the applicant.

DR. SAM HAGAN, Professor of Economics and also a member of the Student Affairs Committee, advised that about three weeks ago after a basket ball game the Sigma Chi fraternity had a drinking party. He related

that the party occurred on a Saturday night and was not properly supervised; that applicant along with three other members of his fraternity were invited up to the Sigma Chi house by some of the lesser lights in the Fraternity and that about 3:00 AM one of the active members closed down the party and that applicant along with the other members of his fraternity, who were somewhat intoxicated, suggested that they roll the beer keg, which contained a little beer, down to the Beta house, which they did about 4:00 AM. He continued that they damaged some trees in route and that when they were finally brought before the Student Affairs Committee, applicant along with the others in his group, told a long fabricated story denying any part in such activity. He said it so happened that the members of the committee had already been informed of just what happened so applicant and the others were suspended.

Dr. HAGEN stated that there was nothing so flagrant about what these young men had done but that the committee strongly disapproved of the brazen manner in which they tried to get out of it.

No effort was made to conduct a neighborhood investigation as applicant lived in a fraternity house on fraternity row.

Dear Sir:

Last February I filled out an application for a job as a Messenger in the Federal Bureau of Investigation. I was investigated about the end of March. Since that time I have had no information as regards my success in acquiring such a job.

I am now attempting to make plans for the coming summer and fall and would like to know if there is a possibility of me getting such a job as the one I applied for.

I recently wrote to my local draft board asking them to defer me until my education was complete. I was notified that I was deferred until November 22, 1941. I have every reason to believe that my local draft board will continue to grant me a deferment every six months at least until my education is complete. I am now classified in group IIA. If required a statement on my position in the draft could be forwarded to you by my local draft board.

I realize that because of the uncertainty of conditions you might not be able to inform me definitely as to whether

I will be successful in acquiring such a job. However, I

would be most grateful if you would inform me if there is a

possibility of me getting such a job. I could leave im-

mediately upon notification at any time.

SUBJECT: WESLEY GLEASON GRAPP,
APPLICANT, SPECIAL AGENT

Transmitted herewith is the completed application of the above-named individual, who was given a preliminary interview by ASAC Arthur C. Larson at the Omaha Field Division on June 5, 1946, at which time he made a very favorable impression, and it is the belief of ASAC Larson that this individual would make a good Special Agent.

Mr. Grapp has requested that if at all possible, he be advised by July 1, 1946 regarding any contemplated action on his application, in view of the fact his terminal leave from the Navy will expire on July 21, 1946, and he might desire to re-enlist before that date, if his application cannot be considered at this time.

Office Memorandum • UNITED STATES GOVERNMENT

TO : DIRECTOR, FBI

FROM : SAC, OMAHA

SUBJECT: WESLEY GLEASON GRAPP,
SPECIAL AGENT APPLICANT

DATE: June 28, 1946

In compliance with Bureau instructions of June 20, 1946 the above-named applicant was interviewed at the Omaha Field Division on June 28, 1946. Attached hereto are his completed examination papers, certificate of medical examination, fingerprints, and confidential form CC-74, all of which were executed by the Applicant. Also attached is personal interview sheet wherein I have set forth my observations of this applicant.

It is desired to specifically point out that during the interview Mr. Grapp stated in his original application to the Bureau he made one statement that was in error. He advised under the question - "List the names of any relatives now in the Government service, with the degree of relationship, and where employed" - that he had no relatives in the government service. He states this was wrong as his father-in-law, ANDREW K. KUNICK, 424 North Kline Street, Aberdeen, South Dakota, is employed by the U. S. Government in the position of Custodian of the Federal Building at Aberdeen, South Dakota.

The Applicant further desired to point out that one of his personal references, Rev. P. P. MEYER, whose address he gave as Gettysburg, South Dak., resides at Emery, South Dakota.

I desire to specifically call the Bureau's attention to the fact that this applicant is presently on terminal leave from the United States Navy. His terminal leave will expire July 21, 1946, and he has advised me if he is unsuccessful in his application for employment with our Bureau, it is his intention to re-enlist in the Navy for at least another year. He stated it would be necessary for him to learn at least a week or ten days before the expiration of his terminal leave whether or not he would be accepted for the Bureau's service. The Applicant made it very clear it would not be necessary that he immediately go to work for the Bureau; that he would not mind if he did not go to work for a month or two, or even three months, but he would like to have the assurance he was being accepted in sufficient time prior to the termination of his leave, or he would re-enlist as stated above.

In view of the above status of the Applicant, coupled with the fact he has been favorably recommended and it is believed he would make a desirable employee, it is suggested that if the Bureau intends to offer him an appointment at any time within the next two or three months, that it be done not later than July 10 or 11, 1946.

Notes for Examining Physician

WEIGHT.—Males, without clothing, and also in ordinary clothing without overcoat or hat (weigh twice); females, clothed, but without wrap or hat. If overweight, state whether due to bone and muscle or to fat.

HEIGHT.—Without boots or shoes; observe that no appliances are used to increase.

The examination should include the following observations:

1. **Eyes.**—Ptosis; discharge; corneal scar; pterygium. In recording distant vision consider 20 feet as normal and report all vision as a fraction with 20 feet as numerator and the smallest type read at 20 feet as denominator. If glasses are used, record for each eye the finding with and without glasses. Near vision must be reported. In testing vision without glasses the applicant or appointee should be instructed to remove the glasses at least one-half hour before testing uncorrected vision.

2. **Ears.**—Evidence of middle ear or mastoid disease; condition of drums; discharge. In recording hearing, record 20 feet as normal distance for conversational voice and record deviation from normal as fraction with 20 as denominator and actual distance as numerator.

3. **Nose.**—Ability to blow through each nostril. If free, a speculum examination would not be indicated.

4. **Mouth and throat.**—Missing teeth, pyorrhea; tonsils, hypertrophy or disease.

5. **Gastro-intestinal.**—Ulcers, inflammations, etc.

6. **Thyroid.**—Presence of tumor in neck and tremor; exophthalmos; nervous high-strung disposition, especially in women.

8. **Lungs.**—It is necessary that the auscultatory cough be used. If tuberculosis is present, state whether active or arrested; if arrested, state your opinion as to how long it has been quiescent. Sputum to be examined for tubercle bacilli in all suspected cases.

9. **Hernia.**—Give details as to size, location, etc., and whether well-fitting truss is worn. Inguinal hernia exists when ring is enlarged and on coughing visceral impulse is felt which follows the finger on withdrawal.

10. **Varicocele.**—If varicocele is present, state approximate size—e. g., size of walnut, lemon, etc.

11. **Flat foot** of such a nature as to incapacitate or become aggravated by work or be alleged later to have been caused by accident or occupation. By "flat foot," as used in this form, is meant a weak foot with impaired function, the term being equivalent to "fallen or misplaced arch," an abnormal condition. Impairment of function is the point to be noted. An anatomically flat foot, but strong, is not disqualifying.

12 and 13. **Scars, deformities, atrophies, and paralyses** should be noted, but it is not important that small insignificant scars or blemishes which might be referred to as marks of identification be recorded.

14. This entry should include symptoms and full history of any mental or nervous abnormality.

15. **Urinalysis** to be made in case of persons over 40, and in all cases where arteriosclerosis, nephritis, or diabetes is suspected, and when obesity is found on examination.

FROM : SAC, Honolulu

SUBJECT: WESLEY GLEASON GRAPP
BUREAU APPLICANT - SPECIAL AGENT
(Bureau File #67-188613)

DATE: August 1, 1946

Reference is made to Bureau letter dated July 25, 1946, wherein it is noted that the applicant is personally acquainted with Special Agent RICHARD C. CRANE of the Honolulu Field Division.

Agent CRANE advises that he was a classmate of the applicant from the ninth grade through high school at Aberdeen, South Dakota. Since that time, 1936, he has seen the applicant only on intermittent occasions.

In the opinion of Agent CRANE, the applicant makes a very neat appearance, has a fine physique, a very pleasant personality, and will be able to meet and favorably impress the general public. While in Aberdeen, South Dakota, he was very well-liked by the younger crowd of his acquaintance. As well as can be recalled, the applicant had an above average scholastic standing in Central High School, Aberdeen, South Dakota.

Agent CRANE believes that the applicant would meet all of the qualifications of a Special Agent and would be an industrious and diligent investigator. He unhesitatingly recommends Mr. GRAPP for the position of Special Agent of the FBI.

SUBJECT: WESLEY GLEASON GRAPP
APPLICANT - SPECIAL AGENT
Bureau File #67-188613

DATE: August 9, 1946

Reference is made to Bureau letter dated July 25, 1946 requesting an investigation of the aforementioned Special Agent applicant.

References:

Special Agent LAWRENCE P. GHERTY was advised by reference GEORGE KESSLER, who operates the Kessler Grocery Company in Aberdeen, South Dakota, that he has been acquainted with the applicant for the past six or seven years, that he is not related to him, and that he is a very good friend of applicant's wife's family, the KUNIKS. He stated that the applicant has always presented an excellent appearance, has a pleasing personality, and appears to meet and get along especially well with people. His personal knowledge of applicant's habits is that he is very conservative in his drink and knows of no moral impediments of the applicant, his wife, or her family. KESSLER advised that applicant's wife's father and mother were born in Russia although their nationality is German, and that he believed their loyalty was excellent during the past war. He stated that if there was any feeling of allegiance in the applicant's family it would of necessity be toward Germany rather than Russia but that he was almost positive that they entertained no allegiance to either of these countries.

[redacted] of the Gefre-Carlson Lumber Company, Aberdeen, South Dakota, advised that he has been acquainted with the applicant during the past five years and that he has found him to be an intelligent, energetic, and courteous young man who presents an excellent appearance at all times and definitely is a man who is intent on making something out of his life.

[redacted] advised he knows nothing derogatory about the applicant and that he believes applicant and all members of his family are loyal American citizens.

[redacted] stated that during the early part of World War II there were some neighborhood rumors that the applicant's father-in-law, A. J. KUNIK, was in favor of Germany's winning the war. He became interested in this gossip and tried to definitely trace statements back to Mr. KUNIK but found they were all baseless rumors. He stated that many times he conversed with Mr. KUNIK about the progress of the war, and at all times Mr. KUNIK expressed a hope that the United States would win shortly.

Special Agent WERNER HANNI contacted [redacted]

[redacted] at Emery, South Dakota, a reference; who advised that

he has known the applicant for about seven years and that he married the applicant and his wife. He stated he was very well acquainted with the KUNIK family and recommended the applicant as one of fine character, nice appearance, good personality, and able. He further advised he was not acquainted with the GRAPP family.

Education:

Reference is made to the report of Special Agent CHARLES H. SCHAFER, Sioux Falls, South Dakota, dated March 26, 1941, in which this applicant was the subject of an applicant investigation for messenger in the Bureau.

It is noted in referenced report that the applicant attended the Central High School in Aberdeen, South Dakota from September, 1932 to June 5, 1936, at which time he graduated. Applicant received grades which were average and ranked 124th in a class of 233. Applicant also attended the Northern States Teachers College from September 17, 1936 to the spring of 1938. The Assistant Registrar of this college advised Agent SCHAFER that applicant's grades were above average.

Special Agent [] ascertained from the University of North Dakota at Grand Forks that GRAPP entered the College of Science, Literature, and the Arts in September, 1939 and attended until 1940. He dropped out in the second semester of 1940 for lack of funds. He received a grade average of C/. Agent [] further ascertained that applicant attended the Law School at the University of North Dakota during 1940 and 1941, both semesters, and received grades averaging C. Applicant took SLA courses by correspondence during 1941 and 1942 and received a B average in this work. He received a Ph.D. Degree in September, 1942. The record further reflected that the faculty's action shows that he received an indefinite suspension by Student Affairs Committee on March 10, 1941 and that this suspension was lifted March 18, 1941. Agent [] was unable to find any records or persons who knew of the reason for this suspension.

b6
b7C

It is noted in the report of Special Agent J. P. SLAYDEN, Sioux Falls, South Dakota, dated March 28, 1941, that a Dr. SAM HAGEN, Professor of Economics and also a member of the Student Affairs Committee, advised Agent SLAYDEN that sometime in the early part of March, 1941 the

applicant with a group of students after a basketball game had participated in a drinking party at the Sigma Chi fraternity. The party occurred on a Saturday night and was not properly supervised. The applicant, along with three other members of his fraternity, were invited to the Sigma Chi house. About 3:00 A.M. one of the active members of the fraternity closed the party and the applicant along with the other members of his fraternity, who were somewhat intoxicated, suggested that they roll the beer keg, which contained a little beer, down to the Beta house, which they did about 4:00 A.M. Some trees along the route between the Sigma Chi house and the Beta house were damaged, and after the students denied participation in the beer rolling fracas they were brought before the Student Affairs Committee and suspended.

In the report of Agent SLAYDEN, Dean O. M. THORMOSGARD of the College of Law advised that GRAPP was a "C" student, that there was nothing outstanding about him, and that there never would be.

Employment:

Reference is again made to the report of Agent CHARLES H. SCHAFER, in which it is reflected that ROBERT L. STEVENS, Manager of the Montgomery Ward and Company, Aberdeen, advised that the applicant was employed by Montgomery Ward and Company on June 11, 1937 on a part-time basis in the Automobile Accessories Department. He was again employed for the summers of 1937, 1938, 1939 and 1940, and the Christmas holidays of those years. Mr. STEVENS advised that the applicant was an excellent employee, ambitious, industrious, and well thought of by his fellow workers. He would immediately rehire him if given the opportunity.

The Montgomery Ward officials were not recontacted by the agent investigating this case as the applicant has been in the armed services, has recently returned to Aberdeen, and is not employed at the present time.

Neighborhood:

The following investigation was conducted in the vicinity of 1116 Ninth Avenue Southwest in Aberdeen, South Dakota, which is the residence of applicant's mother, MAMIE GRAPP. Applicant is presently residing at this address with his wife, CAROLYN.

Mrs. CLARA AXTNAN of 1122 Ninth Avenue Southwest stated she has resided at this location in the past two years and knows MAMIE GRAPP and her family. She has seen the applicant around the yard with his wife. Mrs. AXTNAN stated that Mrs. MAMIE GRAPP has an uncontrollable temper, becomes

Letter to Director
Re: WESLEY GLEASON GRAPP, SA APPLICANT

excited very easily, and makes rash accusations before she has any basis for her statements. The statements that Mrs. AXTNAN referred to were that the children were running over her flowers, etc. Mrs. AXTNAN stated she knew no derogatory information about any member of the family except that Mrs. GRAPP had a bad temper. She further advised that she heard, but had no basis for her statement, that the reason that MAMIE and WALTER GRAPP had been divorced was that "no man could live with her for any period of time."

Mrs. EUGENE EKRESMAN of 824 South 11th Street, advised that she has lived in this neighborhood the past three years and that she has found all the members of the GRAPP family to be "nice people." She stated that she has observed WESLEY GRAPP and his wife working in the yard many times and that he always presents a good appearance. She has conversed with him on many occasions. He has a pleasing personality and is an exceptionally good conversationalist. She advised she knows no derogatory information concerning any member of the GRAPP family.

Mrs. E. ROE, 822 South 11th Street, who has resided at this address for the past ten years, stated she is well acquainted with the GRAPP family. She stated they are well-behaved individuals who do not visit too much with the adjoining neighbors and who conduct themselves in a good manner at all times. However, she added that Mrs. GRAPP does have a violent temper which is easily aroused when children are too noisy in the adjoining yards or when they run across her property. Mrs. ROE stated she knows WESLEY GRAPP and considers him an outstanding young man who put himself through school against great odds. She stated he was almost self-supporting from the time he began to go to high school.

VERNON WILLIAMS, States Attorney, advised that he has known the applicant since they attended high school together and that he considers the applicant a hard worker who is industrious and conscientious about anything he sets out to do. Mr. WILLIAMS stated that it was unfortunate that [redacted] had been a bit careless in town, which will be dealt with further in this letter, and that WESLEY's father, WALTER, had been divorced from his wife and also had been involved recently in Aberdeen, which will be set forth later. Mr. WILLIAMS stated that unquestionably the applicant would make an excellent Special Agent.

The following investigation was conducted in the vicinity of the home of A. J. KUNIK, the applicant's father-in-law:

Letter to Director

Re: WESLEY GLEASON GRAPP, SA APPLICANT

St P File #67-4815

Mrs. JOHN KOCHER, 424 North Klein Street, which is next door to the KUNIK residence in Aberdeen, South Dakota, advised that the KUNIK family were outstanding citizens in that neighborhood and that they are steady workers, industrious, keep their home in nice condition, and get along very well with all the neighbors. She advised that [redacted] who are home are [redacted] and [redacted], who reside with their parents. She stated they are fine young men except that now and then [redacted], who recently returned from the service, drinks a bit excessively. She stated she knows no derogatory information concerning any member of the KUNIK family or the applicant.

b6
b7C

Mrs. WALTER KIRCHGASLER, 419 North Klein Street, Aberdeen, South Dakota, advised that she has known the KUNIKS for the past ten years. She knows nothing derogatory about any member of the family with the exception that Mrs. KUNIK tends to be a "bit gossipy." She added, however, that Mrs. KUNIK's gossiping was "typical back-fence stuff," and that there was nothing malicious about her activities.

Mrs. MARION HAUCK, 506 North Klein Street, Aberdeen, South Dakota, advised that she has known the KUNIK family for over a period of about fifteen years, and that every member of the family is of excellent character. She stated they all enjoy a good reputation in this particular neighborhood. She stated that probably the only criticism that could be directed toward the family is that [redacted], who has recently returned from the service, has been seen on one or two occasions coming home in a taxicab "very drunk." She added, however, that [redacted], who also resides at this address, has always conducted himself in an excellent manner. She stated she knows no derogatory information concerning any member of this family.

b6
b7C

From the Office of the Clerk of Court, Roberts County, South Dakota, it was ascertained that ANDREW JULIUS KUNIK was born at Odessa, Russia on November 17, 1894 and made application for his first citizenship papers on January 15, 1918 at Aberdeen, South Dakota. He was admitted to citizenship on October 1, 1923 at Aberdeen. It was further noted from the books that KATHERINE KUNIK was born on May 19, 1895 in Russia and filed her Declaration of Intention to Become a Citizen on January 15, 1918. She was admitted to citizenship on February 25, 1924 at Aberdeen, South Dakota.

Concerning ANDREW and KATHERINE KUNIK's loyalty to this country, Sheriff HENRY GORDON of Brown County, Chief of Police S. N. SWENSON of Aberdeen, and Municipal Judge GEORGE CRANE were contacted. They advised

Letter to Director
Re: WESLEY GLEASON GRAPP, SA APPLICANT
St P File #67-4815

that they considered both KATHERINE and ANDREW KUNIK to be loyal American citizens and ones who are not entertaining any allegiance to either Germany or Russia:

The following investigation was conducted at 206 North Third Street, Aberdeen, South Dakota, which is the home of applicant's father, WALTER GRAPP:

W. C. SMITH, 224 Second Avenue Northwest, Aberdeen, was contacted with negative results.

ROSE HOFFERT, 208 North Third Street, who has resided next door to applicant's father for the past three years, stated that she is well acquainted with WALTER GRAPP and considers him an excellent neighbor, an industrious man, and an excellent father. She stated he was divorced from his first wife and remarried his present wife, a widow with three children. She stated he was very kind and considerate to those children. She believed he would have no trouble raising this family if his wife's parents would not interfere in his disciplinary action against the children.

WILLIAM ARNDT, 210 North Third Street, stated that WALTER GRAPP is an excellent man who is a steady worker doing contract carpenter work around Aberdeen. He stated GRAPP has always provided well for his family and has been kind and considerate to the children. He stated he knows no derogatory information about GRAPP whatsoever and that he believed that his marital difficulties with his first wife were caused entirely by the first wife inasmuch as he knows both of them and it always appeared that his first wife was "henpecking" WALTER GRAPP.

At the Office of the Clerk of Court, Brown County, South Dakota, it was ascertained that WALTER GRAPP and MAMIE GRAPP were married in 1910 at Aberdeen, South Dakota, and that MAMIE GRAPP divorced WALTER GRAPP in the spring of 1929 for nonsupport and cruelty. Later in the year 1929 they were remarried in Aberdeen, South Dakota. On November 23, 1942 MAMIE GRAPP again received a divorce from WALTER GRAPP for extreme cruelty, at which time she was given the property at 1116 Ninth Avenue Southwest as a settlement for the divorce.

VERNON WILLIAMS, States Attorney, advised that he filed a complaint against WALTER GRAPP for child abuse on April 15, 1945 before the

County Court of Brown County, South Dakota, in which it was alleged that WALTER GRAPP in the act of disciplining [REDACTED]

[REDACTED] Mr. WILLIAMS stated that GRAPP did have an uncontrollable temper and that he knew he had severely chastised his own boys when he was living with his first wife. However, he stated, investigation had been conducted by Brown County officials. The three children had been taken from the home but now [REDACTED] is back at the house again and within the next week the other two children will be returned to their stepfather and mother. He stated he intends to dismiss the complaint against GRAPP and believes that if GRAPP's in-laws had not become meddlesome with the children he would have had no trouble with them.

Selective Service:

The records of Local Board #1, Aberdeen, South Dakota, reflect that the applicant was born on October 19, 1918 at Aberdeen and that he was commissioned an Ensign in the United States Navy on July 12, 1944. He was discharged recently from the Navy with the rank of Lieutenant (jg), USNR.

Miss HOLDEN of Local Board #1, Aberdeen, South Dakota, advised that applicant's classification is presently 1-C inasmuch as he is still a reserve officer in the Navy.

Credit:

At the Aberdeen Credit Bureau, 220 $\frac{1}{2}$ South Main Street, Aberdeen, South Dakota, it was ascertained that the last record this bureau has of the applicant is for 1938 when he was listed as good. The Manager, JANE BURCHD, advised the writer that she has known WESLEY GRAPP his entire life and that he just recently returned from the armed service. She considers him an excellent type of young man. She stated she knows of her own personal knowledge that he worked his entire way through school from the beginning of high school until his graduation from law school. His wife, CAROLYN GRAPP, was listed on the records of this bureau as a good credit risk. [REDACTED]

Mr. John Edgar Hoover, Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C.

Dear Sir:

I was pleased to receive your letter dated July 25, 1946 in which you stated my application for appointment to a position in the Federal Bureau of Investigation was under consideration.

Since receipt of that letter I have been gratified to learn from friends that your organization has investigated me. I am wondering if at this time you could give me further information as to the status of my application.

As you may know, since commencing my terminal leave from the U. S. Navy the first part of June of this year, and my subsequent discharge in July, I have not sought employment other than with your organization nor have I claimed any benefits under the various veterans' laws. If your agency is still interested in me I shall be more than willing to wait until such time as is convenient for you, as it has been a life-long ambition on my part to someday be a member of your organization. If you so desire, I shall be willing to proceed to Washington, at my expense, for a personal interview. As stated in my application, I would be pleased to accept employment with your organization on a probationary basis. If there is any further information I can volunteer, or anything I can do, to further my interests in securing employment with the FBI, I shall be willing to do so.

Applicant applied for a position as Messenger in March 1941. A character and fitness investigation which was conducted disclosed the following unfavorable information: Applicant was in the lowest group of students at the University of North Dakota. He was suspended for an indefinite period - reason believed due to drinking. Applicant along with other members of the Sigma Chi Fraternity who were intoxicated, suggested they roll the beer keg, which contained a little beer, down to the Beta House, which they did about 2 AM. They damaged some trees in route and that when they were finally brought before the Student Affairs Committee, applicant along with the others in the group, told a long fabricated story denying any part in such activity. Records of the Aberdeen Police Department reflect that applicant was arrested May 8, 1938 for speeding and was fined \$10 or 5 days. Applicant paid fine. Records further reflect record on [redacted]

Neighborhood investigation

Applicant's mother has an uncontrollable temper, becomes excited very easily, and makes rash accusations before she has any basis for her statements. Mrs. Axtran, neighbor, advised that she heard, but had no basis for her statement, that the reason that applicant's parents had been divorced was that "no man could live with her for any period of time." Applicant's mother divorced Walter Grapp in the spring of 1929 for nonsupport and cruelty. Later in the year 1929 they were remarried. On November 23, 1942 Mamie Grapp again received a divorce from Walter Grapp for extreme cruelty. Applicant's

Mrs. Kirchgasser, neighbor, stated applicant's mother-in-law, tends to be a "bit gossipy." Vernon Williams, States Attorney, advised that he filed a complaint against Walter Grapp for child abuse on April 15, 1945 before the County Court of Brown County, South Dakota, in which it was alleged that Walter Grapp in the act of disciplining

Mr. Williams stated that Grapp did have an uncontrollable temper and that he knew he had severely chastised his own boys when he was living with his first wife. Mr. Williams intends to dismiss the complaint against Grapp and believes that if Grapp's in-laws had not become meddlesome with the children he would have had no trouble with them. Applicant's parents-in-law born in Russia, both naturalized.

Dear Clyde:

For several years I have made it a habit to keep an eye open for good, loyal, young attorneys in my circle of acquaintance who might become good operators in the FBI once they had mastered your excellent training courses. Whenever I have found such a man, I have suggested they apply to the FBI for qualifying papers.

We now have up in Aberdeen, South Dakota a young man who has taken the FBI examinations and who is awaiting word of your intentions before seeking other employment. I refer to WESLEY G. GRAPP, P.O. BOX 523, ABERDEEN, SOUTH DAKOTA. Grapp is a young veteran with a good personality and an active and alert mind. Your records will of course show the results of his examination.

My purpose in writing is simply to relay my own impression of Wesley Grapp which is entirely favorable and to request that you look up his file and let me know whether the FBI is anticipating calling him in for preliminary training and further consideration. Otherwise, of course, he should be seeking another professional opportunity. If you are adding new recruitments to your staff, however, I really believe that young Grapp has the ability and determination which will qualify him among your very useful and effective young operators. I shall appreciate it, Clyde, if you will write me in his connection.

The Director,

Attention: Mr. N.J. Callahan

Dear Sir:

I received a letter from you dated September 12, 1946 in which you offered me an appointment as a Special Agent in the Federal Bureau of Investigation. I acknowledged acceptance of this appointment in my letter to you dated September 16, 1946. I personally appeared in Washington, D. C. on October 3, 1946 and made known to the F. B. I. that I had fractured a small bone in my left foot several days prior to this visit and would be unable to report for oath of office and assignment on the prescribed date which was October 7, 1946. At this time I also expressed my desire to report at a later date when my foot would be healed to normal.

My physician has just informed me that my injured foot will be back to normal again by November 1, 1946 and that I will be able at that time to perform strenuous exercises and work. I request that, if at all possible, I be assigned to one of your classes commencing shortly after November 1, 1946.

Thank you for your kind consideration in the past.

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Bethesda, Maryland, on December 11, 1946.

This report reflects that you have chronic tonsillitis.

It reports that you are capable of performing strenuous physical exertion and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

Dear Mr. Grapp:

During the recent inspection of the Los Angeles Office you attained a grade of 76.5% on the examination given by the Inspector which, as you are aware, is below the minimum acceptable rating of 85%.

A comprehensive knowledge of the Bureau's work on the part of each Agent is imperative if we are to discharge our investigative responsibilities.

It is accordingly expected that you will begin immediately a systematic study of the FBI Handbook in order to meet the required standard on all future examinations.

Sincerely yours,

WESLEY GLEASON GRAPP

LOS ANGELES, CALIFORNIA MARCH 31, 1947

This is the annual efficiency report on Mr. GRAPP, who entered on duty as a Special Agent on November 4, 1946.

Since reporting to this office on January 21, 1947 from the Bureau's Training School, Agent GRAPP has been assigned to the investigation of general matters in the city of Los Angeles. He has handled principally applicant cases and a variety of routine criminal investigations.

Mr. GRAPP presents an excellent personal appearance and is always well-groomed. He is mature, self-confident, intelligent, expresses himself well and has considerable poise. He has displayed adequate force and aggressiveness in his investigations for an agent of his length of service. He appears to be in good health and physically able to handle Bureau assignments. He has a pleasant personality and mixes very well with his fellow employees and others with whom he comes into contact.

He is industrious and eager to learn. He displays a good attitude and receives criticism and suggestions in good spirit. He is sincere and conscientious.

Agent GRAPP has a good knowledge of the duties he performs and applies to his work the education and training he has received. He is alert, analyzes his cases carefully and organizes his assignments very well for a new agent. His reports require average supervision and his volume of work has been average.

His proficiency in dictation is rated by the stenographers as very good. He is a competent automobile driver and a satisfactory typist. His scores with firearms have been average and until he acquires further experience I would not assign him cases of a dangerous nature, except in an extreme emergency. I have not yet had an opportunity to observe his ability in the use of technical equipment, his testimony in court, but I feel that from his general appearance and his ability to express himself he would make a satisfactory witness. Agent GRAPP has not yet been in the field long enough to display any administrative or supervisory ability. I consider his general rating as an agent to be good and believe that he has the necessary qualifications and enthusiasm to develop and advance in the Bureau.

He was assigned to the Los Angeles Field Office from Training School on January 22, 1947. In view of the limited time he has been in this office, it is impossible to assess his ability as a Special Agent. Agent Grapp is not being rated at this time.

This Agent is assigned to the General Investigative Squad working in Los Angeles. He has been in the field three weeks. He is living in a hotel. His wife is expecting a child in June or July. His living expenses are exceeding his salary by approximately \$100 monthly. As yet he has been unable to obtain suitable living quarters. He requests that if possible he be transferred to any office within the next two or three months as he can send his wife home to have her child and can then have two or three months to look for a suitable place to live in his new office of assignment. This man presents a good appearance, appears to be well-groomed and when he gets his feet on the ground will progress. It will be noted he failed the Agents examination.

Re: WESLEY G. GRAPP

CONFIDENTIAL

Dear Sir:

The above-named Special Agent arrived in Los Angeles, his first office of assignment, January 21, 1947. His wife is expecting a child about the middle of July and is presently at her home in Aberdeen, South Dakota and will remain there until several months after the child is born.

In discussing his general situation with me, Agent GRAPP asked if I thought the Bureau would be transferring him any time within the next four to six months and it was indicated that this is quite possible, since he is still in his first office of assignment.

The Agent has requested that if this action is contemplated within several months, he be transferred in the near future in order that he might get to his next office and have the opportunity of locating suitable living accommodations for his wife and family.

Under the circumstances and since this is his first office, it is recommended that he be transferred from Los Angeles about July 15th. This would enable him to take a small amount of leave and visit with his family en route to his next office of assignment and then he would have the opportunity of seeking adequate accommodations for several months before his family would arrive to join him. In view of the critical housing situation that exists in most cities, it is felt that the Bureau's interests and the Agent's convenience would both be adequately cared for by this arrangement.

WESLEY G. GRAPP

LOS ANGELES, CALIFORNIA

JULY 15, 1947

This is a special efficiency report on Mr. GRAPP, who has been transferred to the San Francisco Office.

Agent GRAPP is tall, well built and presents a well-groomed personal appearance. He is mature, self-confident, intelligent, expresses himself well and has considerable poise. He has a pleasant personality and mixes very well with his fellow employees and others with whom he comes into contact.

Since his Annual Efficiency Report he has been working on Bureau, Departmental, Central Intelligence Group and Atomic Energy Act Applicant Investigations. His volume of work has been above average, requiring below average supervision. His reports have been thorough and well prepared both as to form and content. He has been particularly careful to cover all phases of his investigation and to meet the deadline set by the Bureau. He has displayed a good knowledge of Bureau policy and regulations as applicable to the work he has been performing. He analyzes his cases carefully and organizes his assignments in a very satisfactory manner. He displays adequate force and aggressiveness in the discharge of his duties. He is resourceful, dependable and has shown that he is able to proceed on his own initiative in handling his work.

Agent GRAPP is rated from very good to excellent in his dictation. His firearms scores have been average. I believe that he is qualified to participate in dangerous assignments under limited supervision. He has not had the opportunity to testify in this district, but I believe that from his general appearance and his ability to express himself that he would make a satisfactory witness. He has submitted several sources of information while in this office. He has not had the opportunity to display any administrative or supervisory ability.

He has displayed an interest in his work, is industrious and eager to learn and has shown a very good attitude. He receives criticism and suggestions in good spirit. I consider his rating to be very good and believe that he has the necessary qualifications and enthusiasm to develop and advance in the Bureau.

ADDENDUM

RE: WESLEY GLEASON GRAPP
SPECIAL AGENT

The attached communication constitutes the annual efficiency report on the above special agent.

Agent GRAPP presents an excellent personal appearance, is well-built, and conveys a serious businesslike impression. He is mature, self-confident, and has considerable poise. He has shown sufficient force and aggressiveness to carry out his assignments. He possesses initiative and resourcefulness. He has shown a good attitude and desires to improve his work.

Agent GRAPP is rated as a very good dictator, the only criticism being that he is too slow at times and not too well organized. He has testified before a Grand Jury as well as in Federal court, and conducted himself in a highly satisfactory manner. He has operated on physical surveillances where he has conducted himself in a very good fashion. I believe he is qualified to participate in dangerous assignments, with supervision. He has the ability to favorably impress law enforcement officials and business contacts with whom he meets. He appears physically fit for the duties required of a special agent.

From March until July, 1947, Agent GRAPP was assigned to the Los Angeles Office, where he worked principally on Bureau, Departmental, Central Intelligence Group, and Atomic Energy Act applicant investigations. His volume of work was above average and required below average supervision. His reports were prepared in a thorough manner and he met the deadlines set by the Bureau. He reported to the San Francisco Division on July 17, 1947, where he first worked on the Selective Service and Applicant Squad here. He performed this work in a very good fashion. From September, 1947, to January, 1948, Agent GRAPP was on the General Criminal Squad, where he handled all types of general criminal investigations, engaged in searches of premises, apprehensions, and testified in Federal court. He displayed above average intelligence for an agent of his experience and readily adapted

himself to these investigations. His reports on criminal work were prepared in a thorough manner and he required less than average supervision for a man of his experience. He was transferred to the Russian Squad on January 5, 1948, where he has been principally engaged in the operation of a full-time physical surveillance of the principal Soviet Consulate employees. He has shown interest and enthusiasm in this phase of the Bureau's work and has performed in a very good fashion on these physical surveillances. He has utilized good judgment and is alert.

Agent GRAPP has displayed a good attitude and is developing rapidly in the Bureau's service. He has not shown any administrative or supervisory ability as yet. In comparing him with the other agents in Grade CAF 10, I believe he should be given the rating of Excellent in this grade.

This employee entered on duty as a Special Agent on 11-4-46, and under the reallocation program effective 2-3-47 he was reallocated to Grade CAF-10, \$4525.80 per annum. His present salary is \$4651.20 per annum as a result of a promotion under the provisions of the Uniform Promotion Act effective 2-8-48. It is noted that \$4525.80 per annum is now the entrance salary for Special Agents and that he has been an Agent for 18 months. He is being considered for reallocation to Grade CAF-11, \$4902 per annum.

During an inspection of the Los Angeles Office in February, 1947, Inspector Gurnea said he presented a good appearance, appeared to be well groomed and when he got his feet on the ground he would progress. He failed the Inspector's examination and was censured for this failure on 3-3-47. Upon re-examination he made a grade of 88%.

On 3-31-47 SAC Hood rated him GOOD.

On 7-15-47 SAC Hood rated him VERY GOOD.

On 3-31-48 SAC Kimball rated him EXCELLENT and said he presented an excellent appearance, was mature, self-confident, had considerable poise, had shown sufficient force and aggressiveness, possessed initiative and resourcefulness, had shown a good attitude, and desired to improve his work. He was rated as very good in dictation, the only criticism being that he was too slow at times and not too well organized, he had operated on physical surveillances in a very good fashion, had testified in a highly satisfactory manner, it was believed he was qualified to participate in dangerous assignments, with supervision, his volume of work was above average and required below average supervision, his reports were prepared in a thorough manner and required less than average supervision, he displayed above average intelligence, he had utilized good judgment, was alert, and was developing rapidly in the Bureau's service.

On 6-21-48 SAC Kimball rated him EXCELLENT and said the comments concerning his personal qualifications and special capabilities, as set forth in his annual report of 3-31-48, were still applicable; since the submission of his annual report, he had continued his assignment on the Internal Security R Squad, where he had been exclusively engaged in the conducting of physical surveillances in connection with the personnel of the Russian Consulate. He had shown considerable interest and enthusiasm in this work, had offered a number of suggestions, and had performed on these surveillances in a commendable manner. He had used initiative and resourcefulness and had exercised good judgment. He was developing rapidly in the Bureau's service.

RECOMMENDATION: It is recommended that he be reallocated to Grade CAF-11, \$4902 per annum, effective 7-11-48.

SAC Kimball:

Agent GRAPP presents an excellent appearance, is mature, and possesses a pleasant personality. He is presently assigned to the Russian Squad where he has been engaged mainly on a physical surveillance of Soviet consular employees. He has a good knowledge of his duties, possesses sufficient force and aggressiveness, and is doing his work in an excellent fashion.

RATING: EXCELLENT

Inspector Gurnea:

This agent's personal appearance is excellent. He is neat, clean-cut, businesslike and mature. His personality is better than average. Grapp is intelligent, alert, and enthusiastic. He seems to be in excellent physical condition. His approach is good, he is confident and he expresses himself well. His home is in Aberdeen, South Dakota, and since his mother is employed, resides by herself and is partially dependent upon the agent for support, he would appreciate being considered for a transfer to an office nearer his home when he is next scheduled for transfer. This is not a pressing problem at this time since his mother is in good health. The agent is married and has one child 8 months old.

ADDENDUM

RE: WESLEY GLEASON GRAPP
SPECIAL AGENT

The attached is a regular six-month efficiency report on Special Agent GRAPP who was reallocated from Grade CAF 10 to Grade CAF 11, effective July 11, 1948.

Special Agent GRAPP makes an excellent personal appearance. He is large, well-built, dresses conservatively and neatly, has an excellent speaking voice, and a friendly personality. Agent GRAPP gets along very well with his fellow employees and is respected by them for his ability. // Special Agent GRAPP is characterized by his use of excellent judgment and outstanding resourcefulness and initiative in his investigations. He is particularly aggressive and determined. Agent GRAPP at the present time has an excellent knowledge of his work and of the Bureau regulations with regard thereto for an agent of his experience. He has made every effort to improve himself in the Bureau service.

Agent GRAPP is regarded as a very good dictator by the stenographers of the San Francisco Office. He has in the past, when assigned to the General Criminal Squad, testified in court, and has made a very satisfactory witness for the Government. During the period of this report, Special Agent GRAPP operated for several months on a highly confidential surveillance of the Soviet Consulate in San Francisco. He was characterized by his thoroughness, his willingness, his initiative, and his aggressiveness. Agent GRAPP demonstrated outstanding ability to obtain photographs of surveillance subjects at close range and to determine the identity of individuals surveilled. In this regard, he is one of the best agents in this office. Agent GRAPP's reports are complete and conform with Bureau requirements. This agent has demonstrated the ability to grasp in an intelligent manner the issues involved in an investigation assigned to him, conduct the necessary investigation, and bring the case to a logical conclusion. He accepts responsibility willingly and requires very little supervision for an agent of his grade. He has made several suggestions which were pertinent and well-taken. He is physically fit for any assignment which would be given to him. He has displayed above average ability in developing confidential informants and sources of information, and has demonstrated that he can obtain information of value to the crime survey program.

During the period of this report, Special Agent GRAPP has been assigned to the Security-R Squad. In addition to operating on physical surveillance, he has conducted investigations in Security-R and espionage cases. He has demonstrated an interest in the subject matter and the ability to handle such cases in an intelligent manner.

Agent GRAPP has not yet had any administrative experience, but I believe he has possibilities in this connection and that he is capable of further advancement in the Bureau. I consider him Excellent in Grade CAF 11.

ADDENDUM:

RE: WESLEY GLEASON GRAPP
SPECIAL AGENT - GS-11

Special Agent GRAPP is outstanding for his excellent personal appearance, his confident manner, and his ability to exercise above average initiative, resourcefulness and aggressiveness. He displays superior intelligence in the course of his investigations and completely digests the problems of an investigation, the goal to be reached, and the essence of the task at hand.

Agent GRAPP is regarded as a very good dictator and in the past has engaged in potentially dangerous assignments in a highly satisfactory manner. He has had extensive experience operating on physical surveillances. His reports are concise, complete, logical and thorough and comply completely with the Bureau regulations with regard to reporting security matters.

Special Agent GRAPP is superior to most Agents of his experience for his ability to make contacts and to obtain information from them even under pretext if necessary. He is an excellent organizer of his work and carries it out with an absolute minimum of supervision for an Agent of his experience. He willingly volunteers for any type of assignment, even though a difficult one, and accepts responsibility willingly. He appears to be in excellent physical condition, is well built, and could handle any assignment given to him. He has had experience in testifying and has made an excellent witness and has displayed the ability to talk and think on his feet.

Special Agent GRAPP's office of preference is Minneapolis, but he is available for a general or special assignment should his services be needed by the Bureau. This Special Agent has been assigned to the investigation of espionage and related cases. He has displayed interest, enthusiasm and resourcefulness in his investigations. He has developed confidential sources of information and informants and has given every indication of being a thorough, efficient investigator.

I believe Agent GRAPP has definite possibilities for advancement in the Bureau and could be considered on a long-range basis for an administrative position. He is one of the outstanding Agents in his grade in this office. I consider him EXCELLENT in GS-11.

(SUPERVISOR) Special Agent GRAPP is assigned to the Espionage-Security R Squad in this office. This Special Agent is one of the outstanding Agents of his experience in this office. He is definitely above average in intelligence and interest. He is characterized by his resourcefulness and aggressiveness. He has gradually been assigned more important and more complicated cases and has demonstrated that he accepts responsibility with a minimum of supervision, that he makes excellent suggestions regarding investigative matters, that he gets to the very root of an investigation assigned to him and conducts logical, complete, thorough and efficient investigations. Dear Mr. Grapp:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Bethesda, Maryland, on June 9, 1950.

WESLEY GLEASON GRAPP
SPECIAL AGENT
GS-11, \$5600
EOD November 4, 1946

Mr. Grapp has been assigned to the Investigative Division since May 11, 1950. Prior thereto he served in the Los Angeles and San Francisco Divisions. Since his assignment to the Investigative Division, he has been engaged in performing supervisory duties on the Atomic Energy Desk. This supervisor has developed very rapidly. He presents an excellent appearance. He has a pleasant personality. He organizes his work well. He dictates excellently. He handles a large volume of work and has displayed initiative. He has definite administrative ability and he does not hesitate to accept responsibility and to discharge it with a minimum of supervision. With additional experience he should continue to develop. He is a very alert individual. He has particularly impressed me with his ability to grasp a problem and by the exertion of his own mental effort, to arrive at its solution.

The work on the Atomic Energy Desk has been very heavy recently and this Agent has more than borne his share of the burden. As an example of this, his overtime for the Month of November averaged two hours and fourteen minutes per day. His development in this section has been rapid and in every sense more than satisfactory.

In view of the manner in which he has functioned since his assignment to the Seat of Government, Mr. Grapp is entitled to the rating of Excellent in GS-11.

SA William E. Clark, as Veterans' Counselor, advised SA Grapp on 1/18/51 of the Bureau's refusal to approve a letter which Mr. Grapp contemplated sending to the Veterans Administration in support of his application to take a course at the Dale Carnegie Leadership Training Institute under the GI Bill.

You will recall that the Executives Conference of 1/10/51 reviewed the proposed letter and decided that it could not approve it because the duties of a Special Agent are primarily in the field of investigation, with public appearances and speech-making playing a very minor role. Further, some members of the Conference felt that a Bureau Agent should not request such a course at Government expense.

In advising SA Grapp of the Bureau's position, Mr. Clark informed him merely that the Bureau felt that his duties as a Special Agent were primarily of an investigative nature with speech-making taking a very minor part. Mr. Grapp stated that he would go no further with the application inasmuch as the Bureau did not approve it. He said that the Bureau's attitude is of paramount importance to him or he would not have bothered to check in the first place.

His attitude was fine and is being made a matter of record in this manner.

The Executives Conference of January 10, 1951 consisting of Messrs. Tolson, Nichols, Sizoo, Clegg, Rosen, Ladd, Belmont, Mohr, Parsons (for Harbo), Tracy and Glavin considered a proposed communication addressed by Special Agent Wesley G. Grapp, who is presently assigned as a Supervisor in the Investigative Division, to the U. S. Veteran's Administration concerning his enrolling in the Dale Carnegie Course.

It was pointed out to the Conference that SA Grapp is desirous of enrolling in the Dale Carnegie Course offered by the Leadership Training Institute of the District of Columbia under the GI Bill of Rights whereby the government would pay for the cost of the course.

As in all cases, the individual veteran applying for such course of study or training must advise the U. S. Veteran's Administration that such a course of training or study will assist him in his present work. It is for this reason that SA Grapp has requested the Bureau to review a communication addressed by him to the Veteran's Administration wherein he states among other things that the duties of a Special Agent include the contacting of various individuals in all walks of life; that upon occasion, various Special Agents of the Bureau deliver speeches before civic, fraternal, educational, and professional groups and he felt that the Dale Carnegie Course will assist him materially in his present employment and in the future, if he should enter the field of private business or private practice. law, it appears the course also will be beneficial.

The Conference, after careful consideration of this matter, does not feel the Bureau should approve the proposed communication addressed to the Veterans Administration by Grapp. They feel that the duties of a Special Agent primarily are in the investigation of violations of law and that public appearances are merely a very minor auxiliary duty performed by certain Agents in the service. Certain members of the Conference felt that an Agent of the Bureau, even though a veteran, should not request such a course of training at government expense and they felt these courses of training were set up primarily for those individuals who could not pay for such a course of training from their own funds.

The Conference recommended that Mr. Grapp be advised

January 12, 1951

U.S. Veteran's Administration,
1825 H Street N.W.,
Washington, D.C.

Dear Sirs:

I am interested in enrolling in the "Dale Carnegie Course" offered by the Leadership Training Institute of D.C., 205 Dale Carnegie Building, 14th and Pennsylvania Avenue N.W., Washington, D.C. I am a veteran of World War II, having served on active duty from the fall of 1941 to the summer of 1946 in the U.S. Naval Reserve. To date I have received no educational benefits under the G.I. Bill.

Since November 1946, I have been employed as a Special Agent, Federal Bureau of Investigation, U.S. Department of Justice. The duties of a Special Agent include the contacting of various individuals in all walks of life. Upon occasion, various Special Agents of this Bureau deliver speeches before civic, fraternal, educational, and professional groups.

It is my understanding, based solely upon my social contacts with graduates of the "Dale Carnegie Course" and upon literature issued pertaining to the course, that the course develops one's ability at after-dinner speaking and public speaking. The course is represented as an aid in developing one's written ability, straight thinking, confidence, and personality. I believe this course would help me in my present employment. If at some future date I should enter the field of private business, or private law practice, it appears this course would also be beneficial.

Enclosed herewith is a photostatic copy of my "Notice of Separation from U.S. Naval Service" certificate reflecting my military service.

(For use as attachment to Performance Rating Form No. FD-185)

 Rating Period: from 4/1/50 to 3/31/51

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
= Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

Dear Mr. Grapp:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Bethesda, Maryland, on July 16, 1951.

This report reflects that you have varicose veins of the nasal septum which are causing frequent nose bleeds. The examining physician recommended that you undergo the necessary surgery if this condition becomes annoying.

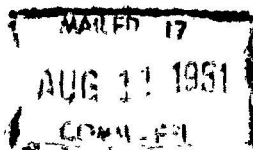

The Board of Examining Physicians reports that you are capable of strenuous physical exertion and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

Sincerely yours,

SUBJECT: Congressional Contacts

The following information is set out for record purposes with the thought in mind that possibly the occasion may arise wherein the writer's friendship with the individuals listed below could be used to further the interests of this Bureau.

The writer has been a close personal friend since boyhood of [redacted] to Senator Earl E. Mundt (R, S.Dak.). Through this friendship the writer has met and been in the company of Senator Mundt on various occasions. The writer is well acquainted with [redacted] to Senator Mundt. As you are aware, Senator Mundt is very favorable to the Bureau and speaks very highly of the Director and Mr. Tolson. For example, at a recent social gathering in the home of Representative E. Y. Berry (R, S.Dak.), the guests included Senator and [redacted] and the writer and his wife. Senator Mundt in reminiscing about his days as a member of the House, and his experiences as a member of the House Un-American Activities Committee, recalled his own part in the Alger Hiss investigation, and remarked that case was one of many in which the FBI did a splendid job. He said the FBI was the one government agency in which he had abundant faith. On this occasion, and on others, Senator Mundt spoke in superlatives as to the Director personally, and about the fine job he is doing as the Director of the FBI. Senator Mundt has mentioned to the writer in personal conversations that he enjoys and greatly values the friendship of the Director and Mr. Tolson.

Representative E. Y. Berry has indicated in his conversations with the writer that he is an ardent supporter of this Bureau. The writer lunched with Mr. Berry several days ago at which time he mentioned that his Executive Secretary had resigned and he was looking for another. He stated he would like an individual from South Dakota with the proper background and intimated he had the writer in mind. His conversation indicated he was "sounding out" the writer to ascertain if the writer would be willing to take such a job. The writer graciously advised Mr. Berry that he had no intention of leaving the employment of the FBI.

RECORDED 33

Since arriving in Washington the writer and family have been residing in an apartment project. An immediate neighbor is [redacted] to Senator R. B. Russell (D, Ga.).

Through neighborhood social gatherings, because of the close proximity of the apartments, and because [redacted] daughter plays with the writer's children, the writer and his wife frequently [redacted] contact with [redacted]. On various occasions they have made [redacted]

11 NOV 5 1951

complimentary remarks concerning this Bureau and its fine personnel. In a recent conversation, [redacted] advised the writer that although he has been an ardent Bureau supporter for many years, he became even more impressed after taking a recent tour of the Bureau which was arranged for him by Mr. L. B. Nichols, of whom he spoke highly. b6 b7C

[redacted] to Representative Otto E. Passman (D, La., a member of the House Appropriations Committee), and the writer are in frequent social contact. Upon several such occasions the writer has come in contact with Representative Passman. [redacted] is currently an officer in the House organization comprised of [redacted]. He is a former employee of the U.S. Immigration and Naturalization Service and states that through the latter employment he has come in contact with various FBI Agents. On numerous occasions in his conversations he has indicated he is very favorable toward this Bureau and the Director. b6 b7C

If at any time the writer's friendship with any or all of the above individuals could be utilized to further the interests of this Bureau, the writer would be very pleased to be of service.

This Supervisor was recommended for reallocation to Grade 13 on August 7, 1951, by me, which recommendation you approved (67-188613-69).

Upon consideration it was recommended that inasmuch as he "has been a Special Agent less than five years and has been in Grade 12 only eight months", that he be passed over for reallocation on September 26, 1951, and reconsidered in January, 1952 (67-188613-72).

Since the last recommendation, Mr. Grapp has continued to perform his work in a highly satisfactory manner. This Agent is forceful, aggressive, and makes a good appearance. He is ambitious; interested in his work; produces a better than average volume of work, which is well organized; and is capable of supervising the most involved types of investigations.

As mentioned in previous memoranda, he is available for general and special assignment wherever his services are needed. He does not hesitate to assume his share of the work load, nor does he hesitate to assume responsibility. His judgments are sound and he is a good prospect for further advancement in the Bureau.

Since the submission of the last memorandum recommending him, he has prepared a memorandum as of October 12, 1951 (67-188613-74) pointing out various people active in politics with whom he is acquainted and has agreed to contact these individuals in the event the Bureau's interest could be served thereby on any matter. This is indicative of his interest in the Bureau's work and its welfare. He was commended for this by the Director on October 24, 1951.

In view of the foregoing comments concerning Mr. Grapp, it is recommended that he be considered again for reallocation to Grade 13.

RECOMMENDATION:

If you approve, it is recommended that this memorandum be forwarded to the Administrative Division for appropriate action.

This is to recommend that the above-named Special Agent, who has been acting as Personnel Assistant in the Investigative Division, be designated to handle the assignment on a full-time basis in view of the reassignment of Special Agent W. P. Jones to the Deserter Desk. Jones, who has not been feeling well, has been relieved of the assignment and it is, therefore, recommended that Grapp, who has been acting in this position for the past few weeks, be considered as a replacement for the assignment as Personnel Assistant.

I have reviewed his file and found him to be an excellent employee who apparently has all of the qualifications necessary to handle the assignment. His progress in the Bureau has been steady, fast and excellent and I believe that this assignment will prove to be of considerable benefit to the Bureau.

This is to advise that on Thursday, March 13, 1952, the above captioned Special Agent underwent an annual fitness-for-duty physical examination at the United States Naval Hospital, Bethesda, Maryland.

Agent Grapp has had a history of varicose veins of the nasal septum since June 9, 1950. At that time he was given instructions as to the control of the condition. A subsequent septum examination afforded him on July 16, 1951, reflected that he should undergo an operation for the correction of this condition if it was causing enough annoyance.

The septum examination of March 13, 1952, revealed that surgery was necessary at this time. Accordingly, Agent Grapp was referred to the Ear, Eye, Nose and Throat Department and arrangements were made for the operation. He was then referred to the Veteran's Administrative Representative at the Naval Hospital where a date was set for him to enter the Hospital.

Agent Grapp will be admitted to the Hospital on March 24, 1952, as a Veteran, and will be discharged on approximately March 28, 1952.

This matter will be followed closely by the Physical Section.

Office Memorandum • UNITED STATES GOVERNMENT

TO : MR. TOLSON
FROM : J. P. MOHR
SUBJECT: PERSONNEL CHANGES

DATE: 3/12/52

1. It is recommended that ASAC Fred C. Finley, Jr. of the Norfolk Division be removed as ASAC and placed on general assignment with no change in grade or salary.

During the inspection of the Norfolk Division in February 1952, Finley advised Inspector Stein that he did not aspire to be an SAC stating that he did not enjoy making contacts and speeches required of an SAC. Inspector Stein reported that Finley handles these duties well when required to do so. However, since Finley did not desire to become an SAC, Inspector Stein felt consideration should be given to removing him under the general rule that an ASAC is potential SAC material. I have discussed this matter with SAC Kline Weatherford and Mr. Weatherford stated that there was no question that Finley can do an outstanding job as an ASAC but Finley has frankly told him that he does not have any aspirations to become an SAC in the Bureau and would prefer assignment as a Special Agent on general assignment.

There is attached a permanent brief of Finley's file which reflects he entered on duty as a clerical employee on March 9, 1934 and was appointed to the position of Special Agent (A) on March 22, 1937. He is presently in Grade GS-13, \$9700 per annum. He is 40 years of age, married and has one adopted child. He is a legal resident of Norfolk, Virginia although he originally comes from Washington, D. C. His office of preference is Norfolk. He has a Bachelor of Commercial Science Degree. He has served in a number of divisional offices, has been a Supervisor at the Seat of Government and served as ASAC at Birmingham prior to being designated ASAC at Norfolk on May 3, 1949.

2. It is recommended that ASAC Douglas J. Williams of the Oklahoma City Office be transferred to Norfolk as ASAC with no change in grade or salary.

Williams entered on duty as a Special Agent on October 2, 1939 and is presently in Grade GS-13, \$9700 per annum. He is 36 years of age, married and has three children. He is a legal resident of Oklahoma City although he originally comes from Butte, Montana. His offices of preference are Denver, Butte and Portland. He has Bachelor of Arts and Laws Degrees. He has served in a number of divisional offices and was a Supervisor at the Seat of Government prior to being designated ASAC at Oklahoma City on October 14, 1945. A permanent brief of his file is attached.

The Director saw him on June 26, 1951 and said he made an average appearance and did not think that he had very much initiative or aggressiveness and believed that a transfer to another office,

MEMORANDUM FOR MR. TOLSON

Today I saw Special Agent Wesley Grapp of the Investigative Division, who is under orders of transfer to Oklahoma City as Assistant Special Agent in Charge. Mr. Grapp makes a good personal appearance and seems to be enthusiastic and interested. I think he does need seasoning and his assignment to Oklahoma City will probably be the best place for him to receive that.

I discussed with him generally the major problems facing the Bureau in the field at the present time, stressing the need for additional informant coverage; the necessity for prompt handling of all matters; the necessity for meticulous thoroughness in the handling of all matters; and the necessity for tightening up administration and discipline throughout the service.

Very truly yours,

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

- + (1) Personal appearance.
✓ (2) Personality and effectiveness of his personal contacts.
+ (3) Attitude (including dependability, cooperativeness, loyalty, enthusiasm, amenability and willingness to equitably share work load).
+ (4) Physical fitness (including health, energy, stamina).
✓ (5) Resourcefulness and ingenuity.
+ (6) Forcefulness and aggressiveness as required.
✓ (7) Judgment, including common sense, ability to arrive at proper conclusions; ability to define objectives.
+ (8) Initiative and the taking of appropriate action on own responsibility.
✓ (9) Planning ability and its application to the work.
✓ (10) Accuracy and attention to pertinent detail.
+ (11) Industry, including energetic consistent application to duties.
+ (12) Productivity, including amount of acceptable work produced and rate of progress on or completion of assignments. Also consider adherence to deadlines unless failure to meet is attributable to causes beyond employee's control.
✓ (13) Knowledge of duties, instructions, rules and regulations, including readiness of comprehension and 'know how' of application.
0 (14) Technical or mechanical skills.
0 (15) Investigative ability and results:
 - (a) Internal security cases
 - (b) Criminal or general investigative cases
 - (c) Fugitive cases
 - (d) Applicant cases
 - (e) Accounting cases
0 (16) Physical surveillance ability.

- ✓ (17) Firearms ability.
0 (18) Development of informants and sources of information.
✓ (19) Reporting ability:
 0 (a) Investigative reports
 - (b) Summary reports
 ✓ (c) Memos, letters, wires
 (Consider: - conciseness; - clarity; - organization; - thoroughness; - accuracy; - adequacy and pertinency of leads; - administrative detail)
0 (20) Performance as a witness.
✓ (21) Executive ability:
 ✓ (a) Leadership
 ✓ (b) Ability to handle personnel
 ✓ (c) Planning
 + (d) Making decisions
 ✓ (e) Assignment of work
 ✓ (f) Training subordinates
 0 (g) Devising procedures
 ✓ (h) Emotional stability
 ✓ (i) Promoting high morale
 + (j) Getting results
0 (22) Ability on raids and dangerous assignments:
 - (a) As leader
 - (b) As participant
0 (23) Organizational interest, such as making of suggestions for improvement.
✓ (24) Ability to work under pressure.
- (25) Miscellaneous. Specify and rate:

- A. Specify general nature of assignment during most of rating period (such as security, criminal, applicant squad, or as resident Agent, supervisor, instructor, etc.): Supervisor on Applicant Desk, Investigative Division, SOG, and Acting Personnel Assistant.
- B. Specify employee's most noteworthy special talents (such as investigator, desk man, research, instructor, speaker): Supervisory work and personnel work.
- C. (1) Is employee available for general assignment wherever needs of service require? YES (If answer is not 'yes', explain in narrative comments.)
 (2) Is employee available for special assignment wherever needs of service require? YES (If answer is not 'yes', explain in narrative comments.)
- D. Has employee had any abnormal sick leave record during rating period? NO (If so, explain in narrative comments.)

Grapp was assigned to the Investigative Division May 11, 1950. He was a supervisor on the Atomic Energy Applicant Desk until the first part of February, 1952, when he became the acting Personnel Assistant in this Division.

He presents an exceptionally good appearance and has a pleasant personality and an exemplary attitude. He is both forceful and aggressive and does not hesitate to assume responsibility. This was exhibited when he was assigned to the Applicant Desk and also when he served as Personnel Assistant. His decisions have been found to be sound and he is considered to be in the upper limits of Satisfactory and capable of handling additional responsibilities.

On March 14, 1952, he was made Assistant Agent in Charge of the Oklahoma City Division and it is known he is looking forward to this assignment with eagerness.

Grapp has been in the Bureau five and one half years, approximately, and it is believed he has made excellent progress. It is believed that Grapp will be able to handle the assignment of Assistant Special Agent in Charge in an excellent manner and he is adjudged to be the type of Special Agent who will progress further in the Bureau.

Shortly before leaving to take up his assignment as your Assistant Special Agent in Charge, Mr. Grapp prepared a speech manuscript for approval.

This manuscript has been reviewed and is generally satisfactory. You are, therefore, authorized to utilize Mr. Grapp as a speaker in accordance with existing Bureau regulations.

You should call to Mr. Grapp's attention the first full paragraph on page 6 of his manuscript. Instruct him to delete this fourth sentence of that paragraph. The reason for the deletion is that it apparently implies that the FBI, at the time of Pearl Harbor, had complete control over communications in and out of the United States. This, of course, is not true.

The original of Mr. Grapp's manuscript is being retained at the Bureau.

THE FEDERAL BUREAU OF INVESTIGATION

(A speech manuscript by Wesley G. Grapp, 4/11/52)

LADIES AND GENTLEMEN:

I want to take this opportunity to express my appreciation for your kind invitation to be with you and to make a few remarks concerning the Federal Bureau of Investigation.

Although the FBI did not become well known until after the great crime wave of the 1930's, it may interest you to know that it was in existence many years before. In 1908, Attorney General Charles Bonaparte directed that investigations for the Department of Justice be handled by a small group of men, and in the following year the name "Bureau of Investigation" was given this group. With the advent of the Selective Service Act of World War I, and espionage laws to curb the activities of spies, this organization gradually expanded. The National Motor Vehicle Theft Act was enacted in 1919 in an effort to halt the increase of transportation of stolen automobiles from state to state. In 1924, Attorney General Harlan F. Stone, who later became Chief Justice of the United States Supreme Court, appointed J. Edgar Hoover, who was then twenty-nine years of age, as Director of the Bureau. Mr. Hoover accepted his appointment with the understanding that from that

date, this organization was to be a career service in which ability and good character were the requirements for appointment, and performance and achievement the only grounds for promotion.

In an initial, systematic barrier to crime, the Identification Division of the FBI was established through Congressional approval in July, 1924, with a total of 810,188 fingerprints. As of the present date, the collection, covering both criminal and civil prints, totals over 123,000,000. At its inception, the Division handled daily an average of 402 prints. The growth of the Division is best indicated by its present daily average of over 18,000 prints handled.

During the early 'thirties, kidnaping, murder, bank robbery and many other crimes of violence were almost commonplace. Dangerous outlaws formed powerful gangs through which they carried on their criminal activities. Bullet-proof vests, sub-machine guns, and fast "get-away" cars were necessary equipment for these hardened criminals. Such names as "Machine Gun" Kelly, John Dillinger, "Pretty Boy" Floyd, "Baby Face" Nelson, Ma and Fred Barker, Alfred Brady and Vernon Miller appeared almost constantly in the headlines of the newspapers in connection with their daring holdups, gun battles and other forms of violence. To assist these criminals, "fences"

and business contacts who handled stolen bonds, cash, securities, stolen automobiles and so forth came into being, along with doctors who endeavored to "rebuild" criminals' faces and to obliterate, though unsuccessfully, tell-tale fingerprints. To check this wave of lawlessness, Congress swiftly passed many new laws to increase the Bureau's authority. In 1932, the Federal Kidnaping Statute was enacted, making it a violation of Federal law to take kidnaped persons from one state to another. During the following year, the FBI solved every kidnaping case referred to it. Among these were the Cannon, Ottley, Urschel, Boettcher, Luer, McElroy, Hart, Bremer and Hamm kidnapings in which ransom demands totaled almost \$800,000.

The Federal Extortion Act, under which the writer of a threatening letter could be put in prison for as long as twenty years, was also passed. The wave of bank robberies by many of the notorious gangsters previously mentioned was met with the Federal Bank Robbery Act.

By 1934, Congress had designated the FBI as the general investigative agency of the Federal Government, and many additional laws were passed. The National Stolen Property Act made it a crime to take forged and counterfeit securities or stolen property valued at \$5,000 or more from one state to

another. The Federal Anti-Racketeering Statute made it unlawful to interfere with commerce between states by force or violence. The Unlawful Flight to Avoid Prosecution Statute made it a federal offense for persons to flee interstate to avoid prosecution for certain serious crimes or to avoid testifying in court in important criminal cases.

In the years that followed, other laws were passed designated to better protect the citizens of the United States. At the present time, the FBI is responsible for the investigation of violations of over 100 Federal Statutes ranging from anti-trust investigations to espionage, which is in sharp contrast to the responsibility of investigating violations of from 20 to 30 Federal Statutes in its early years.

The FBI Laboratory was established in 1932 as a scientific factor to aid in conducting criminal investigations. Experts in the Laboratory are able to develop secret writing, examine firearms, identify handwriting, develop latent fingerprints, examine explosives, hairs, fibers, bloodstains and so forth. For instance, experts have been able to tell the make, model or type of car involved in hit and run accidents by examining small flecks of paint or particles of shattered glass and can furnish many other investigative leads or testimony in various cases. The establishment of this Laboratory was

another means of combatting the spy, murderer, extortionist, bank robber or kidnaper. Its facilities are not used solely by the FBI, but are also made available to law enforcement agencies without cost.

The FBI National Academy was created in 1935 to give selected police officers from all parts of the country training as police instructors and executives. Upon returning to their departments, these officers pass the benefits of this training on to their fellow officers. There are 2426 graduates from the Academy,

During the early summer of 1939, the President of the United States, who recognized the danger signs ahead, designated the Bureau as the coordinating agency for all matters bearing on our internal security. This is in direct contrast to the confusion prevalent during World War I when more than twenty agencies investigated the activities of spies and saboteurs. FBI Agents were instructed to survey over 2300 industrial plants in the United States which were beginning to manufacture implements of war. Germany invaded Poland on September 1, 1939, and World War II began. A General Intelligence Conference was created with the heads of the Military and naval intelligence divisions and the FBI, in order to establish the best methods to protect America. Weekly conferences were held by executives

of these three intelligence agencies, as well as police conferences throughout the nation in order to unite all law enforcement for any eventuality.

We all remember that eventful day in December, 1941, when the Japanese bombers blasted Pearl Harbor. Within one hour, every FBI office was alerted, and all employees stationed at their posts of duty. All Japanese known to be dangerous were immediately apprehended. Communications in and out of the United States were stopped. Protective guards were established at the Japanese, German and Italian Embassies in Washington and at their consulates throughout the country. On the day following Pearl Harbor, 1771 dangerous enemy aliens were arrested and delivered to the United States Immigration Service for detention. As formal declarations of war were announced, large scale arrests of dangerous German and Italian aliens were made. In all, over 16,000 persons were arrested.

The FBI and law enforcement agencies of South American countries exchanged information and cooperated on intelligence matters. As a result, approximately 14,000 Axis operators and sympathizers in South America were made harmless and more than 900 spies and saboteurs were exposed. Thirty secret shortwave radio stations used previously to transmit

information about the United States to Germany were eliminated.

In rapid sequence, the Bureau disclosed through arrests many enemy agents such as the eight saboteurs who landed from two Nazi U-Boats on the eastern coast of this country. With approximately \$170,000 in U. S. currency and enough explosives to last for two years, these saboteurs planned to dynamite vital bridges, destroy railroad stations and aluminum plants, cause fires through incendiaries, and perform other destructive deeds. The saboteurs were products of intensive training at a sabotage school near Berlin, and they were its first graduates. The careful planning, such as forged Selective Service and Social Security cards, their technical training and timing devices for bombs, and possession of large amounts of money all indicated the importance of their mission to the German High Command. Their mission failed, and less than two weeks after landing, all members of the sabotage ring were in FBI custody. Agents had trailed them to determine their contacts. On August 8, 1942, six were sentenced to death, one to life imprisonment, and one to thirty years.

While the Bureau's first concern during the war years was naturally to fight world-wide enemy espionage, it was also faced with combating

the gangsters who were endeavoring to take advantage of a busy nation. Several thousand fugitives and notorious criminals were either captured or killed during the war years. These included such dangerous characters as Roger Toughy, Basil Banghart, Jacob Drucker - member of Murder, Incorporated, Irving Carl Chapman - gunman, bank robber and kidnaper, Jack K. Meredith - widely known confidence man, and Kennie Wagner - hillbilly gunman and murderer who shot and killed five police officers.

The crime problem is gigantic as indicated by the investigative activity of the Bureau in the fiscal year of 1951. In the last year, as a result of the Bureau's investigative efforts, there were 8408 convictions which included two death sentences, five life sentences, and sentences totaling 21,712 years. 6370 fugitives were located. We recovered through fines, savings, recoveries, and Renegotiation Act claims a total of approximately \$97,000,000. The crime problem as we see it today is one about which we should all be concerned, for there were 1,790,030 major crimes in the United States during 1950. A major crime was committed on an average of every 17.6 seconds.

Today, having grown from a small group of men to approximately 6,000 Special Agents assigned

to 52 Field Divisions throughout the United States and in Puerto Rico, Alaska, and Hawaii, the FBI carries out its responsibilities.

The criminal and internal security problems of the present day are of major concern to all of us, and will necessitate vigilance at all times to prevent disaster. In telling the story of the FBI, it is necessary to make mention of the millions of honest and loyal citizens who have, through their whole-hearted assistance, helped form a solid front against crime and encroachment by the enemy. We of the Bureau will endeavor to maintain the FBI as its greatest efficiency. Your assistance in our mutual problems is vital for a more perfect and secure United States. I feel that the growth of the FBI is best explained by the many additional responsibilities assigned it by Congress and the President to cope with the ever increasing complexities of this century's society.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

SIXTY DAY PERFORMANCE RATING

Captioned employee assumed the duties of the Assistant Special Agent in Charge of the Oklahoma City Office on April 14, 1952.

ASAC Grapp presents a very neat appearance and possesses a pleasing and forceful personality.

He is well versed in the Bureau's policies and procedures, and his progress has been very satisfactory with regard to applying this knowledge in the field in an administrative capacity. He is in need of additional field experience with regard to leading raids or handling dangerous assignments, not that his intestinal fortitude can be questioned, but due to lack of experience in this respect. Every effort will be made to afford him this type of training. He is physically capable of performing arduous duties. He is a very willing worker and contributes voluntary overtime in excess of the office average. He is ever on the alert to protect the Bureau's interests. He is capable of handling the more complicated investigative matters. He is rated as excellent in dictation.

His progress in handling personnel has been satisfactory. He exercises sufficient initiative, force and aggressiveness. He is amenable to suggestions. He is intelligent and eager to learn all phases of the operation of a field office. He is acclimating himself satisfactorily to this particular section of the country. It is obvious that with additional field experience his development as an administrator will meet expectations.

Dear Sir:

Your explanation concerning the handling of the case regarding the uprising at the Federal Reformatory at El Reno, Oklahoma, has been carefully considered at the Bureau.

Your failure to immediately advise the Bureau upon first learning of this incident indicates a lack of good judgment. It is essential that the Bureau be kept fully and promptly informed on all important matters of this kind.

You should use more care and better judgment so that there will be no repetition of errors of this type in the future.

September 10, 1952

FROM : Mr. Rosen

SUBJECT: UNKNOWN SUBJECTS,
ASSAULTING FEDERAL OFFICERS,
FEDERAL REFORMATORY,
EL RENO, OKLAHOMA,
September 9, 1952.

W. E. Grapp

PURPOSE:

To advise of the handling of this matter by the Oklahoma City Division and to recommend appropriate administrative action.

DETAILS:

The first information regarding the uprising at the El Reno Reformatory was furnished by [redacted] cashier First National Bank, Clinton, Oklahoma, who, at 6:30 p.m., September 9, 1952, (Oklahoma Time), Telephonically advised Special Agent Robert D. Oswalt, Resident Agent at Clinton, Oklahoma, that he had heard over the radio there had been a riot at the El Reno Reformatory. Special Agent Oswalt immediately contacted [redacted] at the reformatory. [redacted] stated five inmates, who were in the close custody unit for disciplinary reasons, pushed two guards into a cell and barred the door with a ladder. When other custodial officers attempted to free the officers, the keys to the cell block did not work because chewing gum had been placed in the keyholes. The officers then cut through the bars to the cell block with a torch.

b6

Approximately 50 inmates were engaged in the disturbance. The inmates were subdued with tear gas in approximately 10 minutes. There were no injuries to any of the Federal officers.

WARDEN'S EXPLANATION:

[redacted] advised Special Agent Oswalt that he did not notify the Oklahoma City Division of the incident as he had not finished his investigation. He stated he had been in telephonic contact with [redacted] of the Bureau of Prisons, who was then at McNeil Island, to ascertain what prosecutive action the Bureau of Prisons desired. [redacted] stated he would contact the Bureau's Oklahoma City Office when he was able to secure all of the facts.

b6

[redacted] contacted the Oklahoma City Office at approximately 10:30 a.m. (Oklahoma time) on September 10, 1952, and spoke with ASAC Grapp.

Copy

[redacted] advised ASAC Grapp that he was expecting further disturbance at the reformatory and wanted to borrow tear gas grenades and tear gas shell of the burst type to be used in the event of further disturbance. He was diplomatically advised by Grapp that a check would be made to ascertain if the desired material was on hand in the Oklahoma City Office. After such a check was made, Special Agent in Charge Bryce was telephonically contacted by Grapp at Stringtown, Oklahoma, at 11:30a.m. (Oklahoma City time) where firearms training was being held. SAC Bryce instructed that the Bureau be telephonically advised of the facts.

b6
b7C

EXPLANATION OF ASAC GRAPP:

Grapp stated the first he knew of the uprising was when he read the morning papers upon his arrival at the office. on the morning of September 10, 1952. He immediately checked and ascertained that the Resident Agent, namely SA Oswald, was en-route from the resident agency to the field office. Special Agent Oswald arrived at the Oklahoma City Office at 10:40 a.m. (Oklahoma City time) about 10 minutes after [redacted] had called Grapp; after getting the facts from Special Agent Oswald and after talking with SAC Bryce, he telephonically contacted the Bureau at 11:50 a.m. (Oklahoma City time). Grapp was delinquent in not immediately notifying the Bureau upon reading the morning papers on his arrival at the office.

b6
b7C

EXPLANATION OF SA ROBERT D. OSWALT:

SA Oswald, after obtaining the information at 6:30 p.m. on September 9, 1952, from [redacted] cashier of the First National Bank at Clinton, Oklahoma, did not call the office but waited until he arrived there the following morning at 10:40 a.m. when he advised ASAC Grapp he has no legitimate reason for not calling and therefore was derelict in his duty for not having done so.

b6
b7C

OVER*ALL CONSIDERATION:

It appears that the Oklahoma City Division did not have proper liaison with the El Reno Reformatory authorities since they did not learn of the uprising until a call was actually made by SA Oswald after learning of this disturbance from a private citizen. This should have been immediately called to the attention of the Oklahoma City Division since assaults were committed on Federal Officers. It is therefore obvious that SAC Bryce failed to establish a proper liaison relationship with the El Reno officials.

CURRENT DEVELOPMENTS:

Three Agents are presently conducting and investigation at the El Reno Reformatory regarding the alleged assault committed on Federal Officers.

RECOMMENDATION:

There are attached for your approval letters of censure to SAC Bryce, ASAC Grapp, and Special Agent Robert D. Oswalt.

This situation discloses that the Oklahoma City Office has not maintained proper liaison with the penitentiary and Bryce will be instructed, if approved, that he personally go to the penitentiary and protest their failure to advise the Bureau office immediately concerning this situation so that our office could be alerted to the situation in the event anything additional developed. This should be thoroughly thrashed out by Bryce, and he should be instructed to immediately advise the Bureau of his conference with the penitentiary officials so that all the facts may be made available to us here. Immediately upon the receipt of this information here it will be reviewed and, if justified, a formal protest will be transmitted to [REDACTED].

SAC BRYCE: Captioned employee assumed the duties of ASAC of the Oklahoma City Office April 14, 1952, on transfer from the Seat of Government, where he had been assigned as a Supervisor.

He presents a very good appearance and possesses a pleasing, forceful personality. His progress has been very satisfactory. He is well versed in the Bureau's policies and procedures. He has been afforded field experience with regard to handling the major type cases, as well as participating in and leading raids and making arrests. His services can be utilized on dangerous assignments. He has acclimated himself readily to this section of the country, and he has gained the confidence of his subordinates. He is physically capable of performing arduous duties. He contributes voluntary overtime in excess of the office average willingly. He remains on the alert to protect the Bureau's interests. He is capable of handling or supervising the more complicated matters. He has been rated as excellent in dictation. He exercises sufficient initiative, force and aggressiveness. He is amenable to constructive suggestions. He is intelligent, ambitious and eager to advance, but is desirous of gaining advancement only through his ability. I am of the opinion that greater things can be expected of him. He is a capable supervisor, producing a good volume of work, which requires very little supervision.

INSPECTOR STEIN: GRAPP is learning through experience and is developing. He is very much interested in his work. He is a little bit too stiff and formal but SAC BRYCE tells me that he has improved considerably since he was assigned to Oklahoma City. He is a hard worker and gets along well with his fellow employees. He needs additional experience as an ASAC before being considered for a position with greater responsibilities.

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
= Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

ANNUAL PERFORMANCE RATING

Mr. Grapp assumed the duties of ASAC of the Oklahoma City Office April 14, 1952, on transfer from the Seat of Government, where he had been assigned as a Supervisor.

He presents a very good appearance, and possesses a pleasing, forceful personality. He is amenable to constructive suggestions, is well versed in the Bureau's policies and procedures and is capable of handling and supervising the more complicated types of cases. His completed work requires no supervision. He has proved himself capable of handling personnel, and he possesses sufficient initiative, force and aggressiveness to command respect. He has gained the field experience needed to handle major types of cases and to participate in or lead raids or dangerous assignments. He willingly contributes overtime in excess of the office average. He is physically capable of performing arduous duties. He is intelligent, interested in the Bureau's welfare and is alert to protect the Bureau's interests. He possesses supervisory and administrative ability, and he has the confidence of his subordinates. He has acclimated himself satisfactorily. He has indicated a desire to advance further in the Bureau, but I am of the opinion that he is desirous of gaining promotions only through his ability. Favorable comments have been received pertaining to his contacts in the field and his appearance as a speaker before various civic and law enforcement organizations.

His work here has been very satisfactory, and I am of the opinion greater things can be expected of him. I do not hesitate to recommend that he be given consideration for promotion.

Mr. Grapp is presently in Grade GS-13, \$8360 per annum, having been promoted to that grade on February 3, 1952. He was designated ASAC at Oklahoma City on April 15, 1952. There is attached a permanent brief of his file.

Mr. Grapp's record as ASAC at Oklahoma City has been very good except that he was censured on September 10, 1952 for his failure to immediately advise the Bureau upon first learning of the uprising at the Federal Reformatory at El Reno, Oklahoma.

The Director saw him on March 19, 1952 and said he made a good personal appearance and seemed to be enthusiastic and interested. The Director thought he did need seasoning and felt his assignment to Oklahoma City would probably be the best place for him to receive that.

SAC Bryce rated him Satisfactory on March 31, 1953 and reported upon him very favorably. SAC Bryce was of the opinion that greater things could be expected of Mr. Grapp and in a separate communication he recommended his reallocation to Grade GS-14.

The Oklahoma City Office was last inspected in November 1952 by Inspector Stein who reported upon Grapp very favorably, but stated he was a little bit too stiff and formal; however, SAC Bryce had informed the Inspector that Grapp had improved considerably since his assignment to Oklahoma City, was a hard worker and got along well with his fellow employees. Inspector Stein felt he needed more experience as an ASAC before being considered for a position of greater responsibility.

SAC Ellsworth is the newly designated SAC at Oklahoma City and he is presently in Grade GS-15. The Oklahoma City Office is not scheduled for inspection at this time.

RECOMMENDATION

It is recommended that ASAC Grapp be reallocated to Grade GS-14, \$9600 per annum.

Office Memorandum • UNITED STATES GOVERNMENT

TO : MR. TOLSON

DATE: 6/17/58

FROM : J. P. MOHR

SUBJECT: PERSONNEL CHANGE

ASAC Don Walters of the Houston Division was ordered under transfer to Kansas City as ASAC. However, the Director has instructed that Walters is to proceed to Kansas City as a Special Agent on general assignment in view of his mishandling of a situation involving the Bureau's relationship with the Customs Service in the Houston Division. Specifically, Walters failed to adequately handle the problem and follow through and properly advise the Bureau of all developments. The Administrative Division is handling the notification to Walters separately.

1. It is recommended that ASAC Wesley C. ~~Crane~~ of the ~~Oklahoma~~ City Office be transferred to Kansas City as ASAC with no change in grade or salary.

There is attached a permanent brief of Mr. Grapp's file which reflects he entered on duty as a Special Agent on November 4, 1946 and is presently in Grade GS-14, \$9000 per annum. He is 34 years of age, married and has two children. He has a Bachelor of Laws and a Bachelor of Philosophy Degree. His offices of preference are Omaha and Minneapolis and he has been ASAC at Oklahoma City since April 15, 1952. Prior to that time he was a Supervisor in the Investigative Division.

Mr. Grapp has an excellent record in the Bureau's service and when SAC Dryce was here for two-day conference on May 4, 1959, he stated that Grapp was making good progress, had very good possibilities for advancing and he felt he should be given an opportunity of serving as ASAC of a larger office as soon as Mr. Ellsworth became settled in Oklahoma City. Mr. Ellsworth has been SAC at Oklahoma City since April 29, 1959 and it is felt no useful purpose would be served in retaining Grapp in Oklahoma City any further. It is felt Grapp would be an excellent choice for the position of ASAC at Kansas City.

The Director saw Grapp on March 19, 1952 and noted he made a good personal appearance, seemed to be enthusiastic and interested. The Director thought he did need seasoning but felt his assignment to Oklahoma City would probably be the best place for him to receive that.

Grapp's file reflects he has made very good progress in Oklahoma City.

There is attached a permanent brief of [redacted] file which reflects he entered on duty as a Special Agent on December 2, 1940 and is presently in Grade GS-12, \$5500 per annum. He is 41 years of age, married and has three children. He has a Bachelor of Laws Degree and his offices of preference are St. Louis, Miami and Mobile. He has been assigned to the St. Louis Division since September 12, 1947 and prior to that time he served as a Supervisor at the Seat of Government.

[redacted] has an excellent record in the Bureau's service, has had extensive field supervisory experience, has been recommended for advancement in the Bureau's service and I feel he is well qualified for advancement to the position of ASAC. He is presently next on the list for consideration as ASAC. [redacted] was recently in Washington attending In-Service Training School and advised me he was definitely interested in advancing in the Bureau's service and definitely would like to be considered for designation as ASAC.

D. A. BRYCE
SAC, Oklahoma City
Under transfer to Albuquerque as SAC

I saw Mr. Bryce on May 4, 1953 during his two-day conference at the Seat of Government. I discussed with him the personnel situation and personnel problems as they exist in the Albuquerque Division. I told Mr. Bryce that we were transferring some Agents out of Albuquerque because it appeared that office could spare them and upon his arrival he should promptly survey the situation and if he found he could spare additional Agents, he should let the Bureau know.

I asked Mr. Bryce about ASAC Wesley Grapp at Oklahoma City and Mr. Bryce stated that Grapp was making good progress, had very good possibilities for advancing and he felt that he should be given an opportunity of serving as ASAC of a larger office as soon as Mr. Ellsworth became settled in Oklahoma City.

Mr. Bryce discussed with me his own personal problem, said he was very happy with his assignment to the Albuquerque Division and expected to do everything possible to maintain that office in the manner desired by the Bureau.

The foregoing is submitted for record purposes.

Washington, D. C.

Dear Mr. Hoover:

It was with a great amount of satisfaction that I read your letter of April 30, 1953, advising me of my reallocation from pay grade GS-13 to GS-14.

This expression of your confidence is sincerely appreciated. It has been a distinct pleasure to work for you and with the other fine employees of this Bureau. I shall make every effort to continue to perform my duties in a manner which is pleasing to you.

May I take this opportunity to join with my fellow employees and millions of patriotic citizens in wishing you many more years of continued success as the able and astute Director of this Bureau.

Sincerely yours,

Wesley G. Grapp

As the Bureau is aware, ASAC GRAPP is under transfer to Kansas City as ASAC in that office. He advises it is necessary for him to dispose of his house if at all possible prior to his departure. He is having the house re-appraised at the present time and doing everything possible to promptly dispose of the property himself so that he will not suffer a prohibitive financial loss. Upon the completion of the selling of the house he will depart immediately for Kansas City. In the event he is unable to sell his house prior to July 30, 1953, he will depart on or about that date for Kansas City.

SA [] is under transfer to Oklahoma City as ASAC, and as the Bureau has been advised he will arrive on or about July 14, 1953. It is felt that should ASAC GRAPP be in Oklahoma City subsequent to [] arrival, his time would be used to good advantage in orientating []

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- ~~+~~ Outstanding (exceeding excellent and deserving special commendation).
~~✓~~ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
~~=~~ Unsatisfactory.
~~0~~ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

TRANSFER PERFORMANCE RATING

This performance rating is submitted in view of the transfer of Mr. Grapp as ASAC to the Kansas City Office.

He has served as ASAC in Oklahoma City since April 14, 1952, prior to which time he served at the Seat of Government as a Supervisor.

Mr. Grapp has demonstrated considerable ability to handle the administration of an office of this size. He has a good eye for detail. He is aggressive in pursuing the work of other employees. He does not hesitate to call errors to the attention of employees and helps them to correct the errors. He has an inquisitive mind, and is constantly seeking to improve his knowledge of Bureau policy and procedure. He accepts suggestions in a very commendable manner. His judgment has been very good, and he does not hesitate to assume responsibility in the absence of the SAC from the office.

Mr. Grapp maintains a very good personal appearance, dresses in a businesslike manner, has a mature approach and is physically well. He is a very capable speaker and should develop into an excellent Bureau representative before various groups. Very good comments have been received as to his ability in this respect.

MAJOR RECORDING

20 AUG 19 1953

WESLEY G. GRAPP

ASSISTANT SPECIAL AGENT IN CHARGE

EOD: 1946

GRADE: GS-14 \$9600

SAC ELLSWORTH: Mr. Grapp served as ASAC in Oklahoma City for approximately one year prior to his recent transfer to Kansas City as ASAC. He paid close attention to administrative detail and had a good working knowledge of Bureau policy and procedures. He capably supervised a portion of the cases of this office, including security matters.

INSPECTOR VAN PELT: (Involved in delayed reporting re [redacted] was., SM-C.) Instant case was opened and assigned on October 29, 1952 but no action is indicated in the file except for a request for an indices check at the Oklahoma City Division and channelizing memos covering data received from informants. Although the above-mentioned request for the indices check at the Oklahoma City Division was made by letter dated October 30, 1952 in file 100-26350; which was consolidated with instant file January 14, 1953, no reply is on file and the matter was not followed up until another letter was sent to Oklahoma City on June 30, 1953, eight months after the first request and five and one-half months after the consolidation of the files at Chicago.

b6
b7C

Although no explanation was obtained from former ASAC GRAPP of Oklahoma City, SAC ELLSWORTH advised there was obviously no delay attributable to the Oklahoma City Division! He explained the files of that office disclose that former ASAC GRAPP wrote in longhand on the margin of the Chicago letter of October 30, 1952 "11-14-52 routing slip to Chicago, OC file search negative" but apparently the information contained in the afore-mentioned routing slip was not recorded in the Chicago file. It is felt the foregoing explanation is acceptable concerning former ASAC GRAPP of Oklahoma City, who is now

Inspector VAN PELT: This is a pending case assigned on October 29, 1952 to SA [REDACTED]. This case was supervised by SA EDWIN W. FLINT until December 1, 1952. From December 1, 1952 to March 13, 1953, it was supervised by SA PAUL B. FRANKFURT and it is currently supervised by SA [REDACTED].

b6
b7C

This case was initially opened under Chicago file 100-26350. Based on information developed by SA CHARLES W. COLGLAZIER in an effort to locate the subject, who is a former sister-in-law of [REDACTED], SA [REDACTED] established that the subject was identical with the subject of instant file and the files were consolidated on January 14, 1953.

b6
b7C

The file contains a letter to the Oklahoma City office dated October 30, 1952, requesting that the indices of that office be checked. No answer was received from the Oklahoma City office and on June 30, 1953, the Chicago office again wrote the Oklahoma City office for an indices check. On July 6, 1953, the Oklahoma City office replied that there was no reference to the subject in the indices of the Oklahoma City office. The file contains several memoranda of information obtained from security informants of the Chicago office which had some reference to the subject. The file does not show any investigation or report by SA [REDACTED].

INSPECTION REPORT
CHICAGO DIVISION
INSPECTOR H. C. VAN PELT
JULY 28, 1953
RGF:CF

Comments of the SAC at Chicago are desired.

An explanation is desired from the SAC in Oklahoma City for the failure to promptly reply to the request of the Chicago office for an indices check.

SA []: During the period of assignment of this case to the writer, credit, criminal and informant checks have been conducted as well as reference files reviewed. On June 30, 1953, the Oklahoma City Office was requested to check the indices of that office for information pertaining to the subject. The writer is cognizant of his delinquency in submitting an investigative report in this case. Immediate attention will be given this matter, and a report will be submitted in the near future.

b6
b7C

Supervisor FLINT: This case was reopened and assigned on October 29, 1952. The case was not delinquent until December, 1952, and therefore SA [] was instructed to handle cases which were then delinquent in preference to this current case

b6
b7C

Supervisor FRANKFURT: This case was under the writer's supervision from December 1, 1952, until March 13, 1953. A review of the file reflects this case was receiving investigative attention in December, 1952, as evidenced by a request for an informant check by SA []. The file further reflects SA [] was followed by routing slips on December 30, 1952, and again on March 6, 1953. All agents have been advised periodically through squad conferences and at the time their cases were reviewed to give priority attention to those cases which have been assigned for over four or five months where no report has been written.

b6
b7C

Supervisor []: This case has been under my supervision since March 13, 1953. The delay in investigation and reporting is regretted and closer supervision in the future is necessary to avoid any such recurrence. A report will be promptly prepared and submitted to the Bureau.

b6
b7C

SAC WEATHERFORD: The Inspector's instructions have been noted and a report will be prepared promptly.

SAC ELLSWORTH: This matter was handled in Oklahoma City while former SAC D. A. BRYCE and former ASAC WESLEY G. GRAPP were in charge of the office. They are now assigned to Albuquerque and Kansas City respectively. This write-up is not being forwarded to them for explanation as it is obvious from the Oklahoma City file that there was no delay in notifying Chicago of the negative indices search.

Chicago letter of October 30, 1952, was received in Oklahoma City November 3, 1952, with the request that the Oklahoma City Office search the indices. The indices were searched by Clerk [REDACTED] as indicated by an indices search form in the file dated November 13, 1953. The search was negative. ASAC GRAPP wrote in longhand on the margin of Chicago's letter the following: "11-14-52 routing slip to Chicago, OC file search negative." The next item in the file is Chicago letter of June 30, 1953, explaining that they had not received any information regarding the indices search, and pointing out that the original request was in their file 100-26170, whereas the present file for this subject is 100-14399. In reply to this last letter a letter was sent to Chicago July 6, 1953, stating that the indices search was negative. It does not appear that there was any undue delay on the part of the Oklahoma City Office in handling this lead.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- ☒ Outstanding (exceeding excellent and deserving special commendation).
☒ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
☐ Unsatisfactory.
☐ No opportunity to appraise performance during rating period.
 Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

- ☒ (1) Personal appearance.
☒ (2) Personality and effectiveness of his personal contacts.
☒ (3) Attitude (including dependability, cooperativeness, loyalty, enthusiasm, amenability and willingness to equitably share work load).
☒ (4) Physical fitness (including health, energy, stamina).
☒ (5) Resourcefulness and ingenuity.
☒ (6) Forcefulness and aggressiveness as required.
☒ (7) Judgment, including common sense, ability to arrive at proper conclusions; ability to define objectives.
☒ (8) Initiative and the taking of appropriate action on own responsibility.
☒ (9) Planning ability and its application to the work.
☒ (10) Accuracy and attention to pertinent detail.
☒ (11) Industry, including energetic consistent application to duties.
☒ (12) Productivity, including amount of acceptable work produced and rate of progress on or completion of assignments. Also consider adherence to deadlines unless failure to meet is attributable to causes beyond employee's control.
☒ (13) Knowledge of duties, instructions, rules and regulations, including readiness of comprehension and 'know how' of application.
☒ (14) Technical or mechanical skills.
☒ (15) Investigative ability and results:
☐ (a) Internal security cases
☐ (b) Criminal or general investigative cases
☐ (c) Fugitive cases
☐ (d) Applicant cases

Federal Bureau of Investigation

Dear Mr. Grapp:

The Bureau has carefully reviewed the explanation submitted by you in connection with your supervision in the Kansas City Division of the Interstate Transportation of Stolen Property investigation regarding an unknown subject with the alias of [redacted]. It has been observed that you reviewed and approved a teletype from the Kansas City Office to the Phoenix Division dated September 24, 1953, which contained information concerning the check-passing activity of the unknown subject as well as data relating to an individual who closely resembled the unknown subject. This teletype further related that [redacted] and an individual resembling the subject were possibly in Tucson, Arizona, and instructed the Phoenix Office to determine whether [redacted] was in contact with the subject and if so, to apprehend the subject. b6 b7C DEC 2 5 18 PM '53

As a result of the loose language contained in this teletype the Phoenix Division gained the erroneous impression that the individual accompanying [redacted] was the true subject. You were at fault in not detecting and correcting this error, and your negligence in this regard caused the Bureau to be placed in a most embarrassing position. b6 b7C

In the future you will be expected to tighten up your supervision in order that there will be no repetition of such a dereliction on your part, and consequently no need for the Bureau to criticize you again in this manner.

CLASSIFYING

Memorandum to Mr. Ladd

en route to Tucson, Arizona. It was determined that car registered to [redacted] Harvey, Illinois. Kansas City airtel of September 21, 1953, to Chicago, Charlotte, and Springfield, prepared by SA McNulty, set out above information but used word "subject" in referring to person seen at Joplin, Missouri, interchangeably with information relating to unknown subject; however, leads set out for Chicago to determine if [redacted] and subject were identical. Kansas City teletype to Phoenix, with copy to Charlotte, September 24, furnished Phoenix information developed at Joplin and that [redacted] and an individual resembling subject left Joplin September 18 and possibly in Tucson, Arizona. Phoenix requested to locate [redacted], determine if she was in contact with subject and if so, apprehend subject. This teletype approved by ASAC W. G. Grapp.

b6
b7C

By telephone call of November 24, 1953, ASAC Grapp advised that a photo of [redacted] forwarded by Chicago Office, was received Kansas City on October 11 but was not forwarded to Joplin, Missouri, for exhibition to bank cashier as all Agent personnel of Kansas City Office engaged in investigation resulting from location of murder scene in Greenlease Kidnaping Case. SA Robert G. Sundquist, at Chicago, conducted investigation requested in Kansas City airtel of September 21 and identified driver of car seen at Joplin as [redacted] of Harvey, Illinois, and determined [redacted] had criminal record and that relatives of [redacted] of opinion he was capable of passing worthless checks. Description of [redacted] closely fit that of unknown subject. SA Sundquist also determined [redacted] probably traveling in company of [redacted]. Photo of [redacted] obtained and forwarded to Charlotte and Kansas City by Chicago letter of October 9 for exhibition to witnesses.

b6
b7C

By airtels of September 28 and October 7 captioned "[redacted] was., Fugitive," Chicago furnished Phoenix with information on [redacted] developed to date, together with description of [redacted] process outstanding for unknown subject; and latter airtel contained statement that photo of [redacted] had been identified as subject. Chicago airtel of September 28, carrying [redacted] as subject, discussed by SA Sundquist with Supervisor [redacted] who did not take affirmative action to resolve question of identity of [redacted] as the subject of investigation, but who instructed SA Sundquist not to carry

Memorandum to Mr. Ladd

[] as subject in title unless Sundquist was absolutely certain [] was identical with subject. SA H. Hilton McKee, at Tucson, Arizona, acting on information in Kansas City tel of September 24 and Chicago airtels of September 28 and October 7, arranged surveillance of post office at Tucson and [] arrested there by Bureau Agents October 15. He was remanded to custody of U. S. Marshal on a \$1,000 bond and on October 16 before further hearing held, Charlotte advised Phoenix by teletype that six witnesses at Charlotte failed to identify [] as Unsub. wa. [] although one witness stated photo bore resemblance. U. S. Commissioner advised of this information and released [] on his own recognizance, setting final hearing for October 21 pending additional investigation. Photo shown to seven more witnesses in North Carolina on October 16 who failed to identify [] as Unsub. wa. [] and Phoenix advised by Charlotte tel of October 16. On October 12, photo of [] received at Charlotte from Chicago and given to SA [] to display to victims, Charlotte area, for possible identification. On October 13, Agent [] exhibited photo to witnesses in Charlotte. Only one witness concluded photo of [] resembled unknown subject. SA James M. Underhill, who supervised case at Charlotte, directed [] to have more copies of photo made to be displayed to the check victims. Photo displayed to seven additional witnesses, Charlotte Division, October 16, none of whom identified photo of [] as unknown subject. Information regarding non-identification of [] at Charlotte on October 13 not furnished to Phoenix until October 16, the day following arrest of [] apprehended November 7, 1953, Belmont, North Carolina, by Bureau Agents and has admitted passing checks in this case. SAC's at Kansas City and Phoenix recommend no action against personnel handling this case in their divisions. SAC, Chicago, recommends letter of censure for SA Robert G. Sundquist.

RECOMMENDATIONS

No administrative action against SA Edward P. McNulty is recommended, it being noted that although Kansas City teletype of September 21 was misleading in that the word "subject" was used interchangeably in referring to both the person seen at Joplin, Missouri, and the unknown subject in this case; a lead

Memorandum to Mr. Ladd

set forth for the Chicago Office directs Chicago to make appropriate inquiry at Harvey, Illinois, and ascertain if subject is identical with [redacted] and to develop information as to identity of girl accompanying person seen at Joplin, Missouri.

This teletype, after reciting information concerning check passing activity of unknown subject and information reflecting the presence of an individual who closely resembled subject in Joplin, Missouri, during the pertinent period, further related that [redacted] and individual resembling subject were possibly in Tucson. Phoenix was then instructed to determine whether [redacted] was in contact with the subject and if so, to apprehend subject. ACTION:

That this memorandum, along with the attached memoranda submitted by the Kansas City, Phoenix, Charlotte, and Chicago Offices, be routed to the Administrative Division for handling.

DETAILS:

The Phoenix Division by teletype of October 22, 1953, captioned [redacted] was., Fugitive, ITSP^W advised that [redacted] had been released by the U. S. Commissioner at Phoenix on October 21, 1953, who had dismissed all charges against him based on the fact that [redacted] was not identical with unknown subject, with alias [redacted], et al. Complaints were filed before U. S. Commissioners at Charlotte, North Carolina, and Springfield, Illinois, on July 13, 1953, and September 29, 1953, charging him under different aliases with violating Title 18, USC, Section 2384, the ITSP Statute.

b6
b7C

By teletype of October 22, 1953, Phoenix, Charlotte, Springfield and Chicago Offices were instructed to furnish information made available to the U. S. Commissioner upon which he had passed his decision to dismiss [redacted] and to furnish information leading to the identification and arrest of [redacted] in connection with the case of unknown subject, with alias [redacted], et al, fugitive, ITSP. The first information received from Phoenix by airtel dated October 23, 1953, was not complete and by radiogram of October 27, 1953, Phoenix was instructed to furnish additional details together with the recommendation of the SAC for any administrative action if the facts warranted same.

b6
b7C

Based on information furnished in the above communications, a memorandum was prepared on October 30, 1953, and forwarded to the Administrative Division which recommended that memoranda from the Agents involved at Phoenix and Kansas City be obtained before a final disposition of this matter was made.

Upon receipt of further information in this case from the Kansas City and Phoenix Offices, it became apparent that the possibility existed that the Chicago and Charlotte Offices may also have contributed to the erroneous arrest of [redacted], and by airtel of November 18, and teletype of November 19, 1953, these offices were requested to furnish memoranda of explanation from the personnel involved and the Kansas City Office was requested to furnish further information concerning the handling of this case in that office.

b6
b7C

The Kansas City Office, by letters dated November 9 and November 20, 1953, furnished the following information:

SA Edward P. McNulty at Joplin received information on September 17, 1953, from [redacted] cashier of the First National Bank at Joplin, that an individual representing himself to be [redacted] on September 15, 1953, had submitted a \$600 check at the above bank for deposit to open an account. [redacted] also submitted a check in the amount of \$400 for collection, both of these checks being drawn on the Union National Bank of Little Rock, Arkansas. [redacted] advised SA McNulty on September 17, 1953, that he had received a telephone call from the Albuquerque First National Bank advising him that [redacted] was "wanted by the FBI." [redacted] furnished the following description of [redacted]

b6
b7C

[redacted] was very explicit concerning [redacted]

SA McNulty alerted [redacted] of the Joplin, Missouri, Police Department, who subsequently advised that three checks had been passed by [redacted] on September 15 and 16 at three different stores in the amount of \$81 drawn on the Union National Bank of Little Rock, Arkansas. [redacted] later advised that a detective had received information from a waitress at Ogle's Cafe concerning a suspicious-looking "scar-faced" man who had been at the cafe on September 17. She had noticed the license number of the car to be Illinois 2190-110. A radio check of this license revealed it was issued to [redacted] of Harvey, Illinois, a 1942 green Pontiac. [redacted] operating a service station at Joplin, had also seen this scar-faced individual in the company of a woman. [redacted] and the waitress described this individual as follows: [redacted]

b6
b7C

[redacted] advised that the above-described man and the woman on September 16 and 17 had parked their automobiles, a 1950 or 1951 black Ford truck and a 1942 green Pontiac, at his service station. Both cars bore Illinois license plates. By tracing telephone calls made by the woman from the cafe, it was subsequently determined that she was [redacted] who was calling her ex-husband, [redacted] at Camp Crowder, Missouri. It was later determined that she was en route to Tucson, Arizona.

b6
b7C

In view of the very close description of the unknown subject, with alias [redacted] and the person seen at Joplin, SA McNulty states that he deemed this latter person should be considered as a possible suspect and appropriate information was furnished to Chicago, Phoenix, and Charlotte, in an effort to identify [redacted].

b6
b7C

A copy of Kansas City airtel to Charlotte, Chicago, and Springfield, dated September 21, 1953, which sets forth the above information, reveals that throughout this airtel, use is made of the word "subject," both in referring to Unsub, with alias [redacted] and to the person seen at Joplin, Missouri, who answered his description. However, it is noted that the Chicago Division is instructed to "make appropriate inquiry at Harvey, Illinois, to ascertain if subject is identical with [redacted] and develop information as to identity of girl and ownership of panel truck." SA McNulty states in this connection that he recalls dictating the word "suspect" instead of "subject" over the telephone from Joplin to Kansas City but points out that this should not confuse the meaning of the over-all message in view of the above lead for Chicago.

b6
b7C

The Kansas City Office, by teletype of 9/24/53, to Phoenix, with a copy to Charlotte, repeated the information previously furnished in Kansas City airtel of 9/21/53, and this teletype states that the individual who frequented Olge's Cafe on the afternoon of September 17, 1953, and who was accompanied by a woman, closely resembled the subject. This teletype sets forth information received from [redacted] at Camp Crowder, Missouri, who furnished information he contacted his wife, [redacted] at Olge's Cafe, Joplin, Missouri, on September 17 and again on September 18, at the Greyhound bus terminal at Joplin. [redacted] was to send monthly payments for support of his wife to her in care of the Veterans Hospital at Tucson, Arizona. This teletype concluded with the following information: "[redacted] and individual resembling subject left Joplin September 18 and are possibly in Tucson, Arizona. Phoenix, through Veterans Hospital at Tucson, will discreetly determine whether [redacted] is registered for treatment and whether subject known at Veterans Hospital. If [redacted] located, will discreetly determine if she is in contact with subject and if so, apprehend subject." This teletype was approved by ASAC W. G. Grapp and in explanation, ASAC Grapp states that this communication did not say to apprehend [redacted].

b6
b7C

He further states that at no time was the impression left directly or indirectly by either Kansas City airtel of 9/21/53, or Kansas City teletype of 9/24/53, that the Kansas City Office requested the arrest of [redacted] and at no time was it stated that [redacted] was identical with unsub [redacted]

[redacted] It should be noted, however, that Kansas City teletype of 9/24/53, in setting forth information concerning the individual seen at Ogle's Cafe on the afternoon of September 17, 1953, points out that the individual and his woman companion were in possession of a 1942 Pontiac sedan bearing an Illinois license 2190-110, and that it had been determined that this license was issued to [redacted] of Harvey, Illinois.

b6
b7C

It should be noted that as set out below, the Chicago Office, by letter dated October 9, 1953, forwarded to the Kansas City and Charlotte Offices, a copy of a photograph of [redacted] who had been identified by the Chicago Office as the owner of the 1942 green Pontiac observed at Joplin, Missouri, on September 16 and 17, 1953. By telephone call of 11/24/53, ASAC W. G. Grapp of Kansas City advised that his office received this photograph on the morning of October 11, 1953, but that it was not forwarded to Joplin, Missouri, for exhibition to the cashier of the bank at Joplin who had observed unsub with alias [redacted] on September 15, 1953, inasmuch as all Agent personnel of the Kansas City Office were engaged in an extensive investigation in connection with the kidnaping-murder of Robert Cosgrove Greenlease, Jr., inasmuch as the murder scene in that case was located on 10/11/53. It was further advised that in view of Charlotte teletype to Phoenix and Kansas City of 10/16/53, reporting that [redacted] had not been identified by witnesses in the Charlotte Division as unknown subject [redacted] that the photo was not forwarded to Joplin, Missouri, thereafter.

b6
b7C

The Chicago Office, by letter of November 20, 1953, had submitted explanations from SA Robert G. Sundquist to whom this case is assigned in Chicago and explanation from supervisor [redacted]. SA Sundquist advises that the identification of [redacted] as the subject in this case was based upon the description and circumstances set forth in Kansas City airtel to Chicago dated September 21, 1953, and Charlotte airtel to Chicago dated September 24, 1953. SA Sundquist located the mother of [redacted] through the license plate observed on the 1942 Pontiac which was seen at Joplin, Missouri, and which was registered to [redacted] of [redacted], Harvey, Illinois.

b6
b7C

[redacted], the mother of [redacted], advised Sundquist that [redacted] had quit his job in Chicago in the latter part of August and left with an unknown girl whose first name was [redacted]. She described [redacted] as a perpetual liar and stated that the wife of [redacted] protects him although she is in full knowledge of his past criminal activities. [redacted] the wife of [redacted] advised she was seeking her husband for desertion and that the last time she had seen him, in September, that he had new clothes and plenty of money which was unusual for her husband. She stated that he did not hesitate to assume the identity of any person in order to cash worthless checks. Agent Sundquist also interviewed [redacted] a relative of [redacted], who identified a photograph of [redacted] and advised that he and [redacted] had left Chicago in September in a 1942 green Pontiac and a Ford black panel truck, presumably headed west.

b6
b7C

[redacted] advised that she was of the impression that [redacted] intended to go to Phoenix, Arizona.

b6
b7C

The physical description of [redacted] and [redacted] [redacted], as related by witnesses here, are similar to those reported by Joplin witnesses. Chicago file reflects that [redacted] was arrested by the Sheriff's Office, Fort Worth, Texas, May 28, 1940, for vagrancy. Subject enlisted in the United States Army February 26, 1942, and deserted July 10, 1942. Subject sentenced to ten years at Federal Reformatory, El Reno, Oklahoma, December 13, 1944, for armed robbery. Subject was transferred to Federal Correction Institute at Seagoville, Texas, where he escaped January 25, 1947. Subject was apprehended by the Chicago Police Department February 7, 1947.

b6
b7C

[redacted] admitted that subsequent to 1947, subject was confined to Leavenworth Penitentiary.

[redacted] was described as: [redacted]

CHICAGO
By AMSD letter of October 9, 1953, a photograph of [redacted] was forwarded to Charlotte and Kansas City. Agent Sundquist advises that based on the fact that the description and circumstances regarding [redacted] closely associate with those of unsub,

b6
b7C

with alias [redacted] that the Chicago Office by airtels to Phoenix and other interested offices dated September 28 and October 7, 1953, carried the title, "[redacted] was. - Fugitive, ITSP," and that these communications also furnished the description of [redacted] and [redacted] together with information regarding the vehicles in which they were traveling and information concerning process outstanding for unsub, with alias, [redacted].

b6
b7C

SA [redacted] who supervised this case in the Chicago Office advises that on Friday, September 25, 1953, late in the afternoon, SA Sundquist conferred with him relative to the investigation at Chicago. [redacted] states that Sundquist was definitely of the opinion that [redacted] was identical with the subject in this matter. Sundquist advised SA [redacted] that he planned to put [redacted] in the caption of the teletype as the subject of the case and to refer to [redacted] as the subject.

b6
b7C

SA [redacted] advises that he instructed Sundquist not to do so unless he was absolutely certain that [redacted] was identical with the subject. SA Sundquist was instructed by SA [redacted] to consider the advisability of his plan over the week end.

b6
b7C

As will be noted below, the Phoenix Office relied on the caption of these two Chicago communications in arriving at the conclusion that [redacted] should be arrested in the event he appeared in Tucson, Arizona. From the explanation of SA [redacted] it does not appear that he took affirmative action to resolve the question of identity raised by SA Sundquist inasmuch as he allowed SA Sundquist to resolve the question himself and the memorandum of SA [redacted] does not reflect that he provided the leadership and direction to be expected of a supervisor acting under similar circumstances.

b6
b7C

The Phoenix Office, by letter of 11/6/53, has furnished memoranda from ASAC [redacted] who supervised this case and from SA H. Hilton McKee, to whom the case was assigned in the Tucson resident agency. SA McKee points out that an urgent teletype from Kansas City to Phoenix of 9/24/53, captioned, "[redacted] - Fugitive, ITSP," sets forth the information concerning the opening of a savings account by the subject at Joplin, Missouri, and information regarding check passing activities of the subject at Joplin, Missouri.

b6
b7C

7

This teletype also set out the information that a person observed at a cafe at Joplin, Missouri, on 9/17/53, who was accompanied by a woman, closely resembled the subject and provided information concerning the automobile he was driving and that his woman companion had indicated they were en route to Arizona, for the woman's health.

This teletype also stated that the woman had been identified as [redacted] who was en route to Tucson, Arizona where her husband was to send her money in care of the Veterans Hospital there. SA McKee pointed out that this teletype instructed the Phoenix Office to determine if [redacted] and the subject were in Tucson and "If [redacted] located, discreetly determine if she is in contact with subject and if so, apprehend subject." SA McKee points out also that an airtel from Chicago to Phoenix and several other interested offices dated 9/28/53, was captioned [redacted] was. - Fugitive." and this airtel sets out an interview with [redacted] "subject's mother" who advised he was on his way, possibly to California, with a woman known as [redacted]

b6
b7C

The Phoenix Office/^{was} also provided with the criminal background of [redacted] and a physical description of [redacted]. The Chicago Office, by airtel to Phoenix and other offices of 10/7/53, captioned, [redacted] was. - Fugitive," provided information that the manager of the Great Lakes Auto Sales advised that [redacted] supposedly the wife of the subject, had purchased a 1946 Packard on 4/28/53, and that the manager, "Sprints," identified a photo of the subject as [redacted]"

b6
b7C

This airtel also provided information regarding process outstanding and also mentions "subject's mother" as [redacted] who is the mother of [redacted]. SA McKee states that in view of the above, it was his best judgment that [redacted] be arrested in the event he appeared in Tucson.

b6
b7C

ASAC [redacted] of the Phoenix Office advises that he routed the above communications in this case which was reopened on September 24, 1953, upon receipt of Kansas City teletype of that date. ASAC [redacted] points out that the Kansas City teletype of September 24, advised that [redacted] was to receive mail in care of the Veterans Hospital in Tucson and she was identified as being with a man who closely resembled the subject and who was present at Ogle's Cafe in Joplin, Missouri, on September 17, 1953.

b6
b7C

ASAC [] also routed subsequent serials in this case to SA McKee including those from the Chicago Division which identified [] as the subject of the investigation. ASAC [] states that upon receipt of information from Charlotte on October 16, 1953, at 9:45 a.m., advising that six witnesses had failed to identify the photograph of [] as the subject in this case, He immediately advised the resident agency at Tucson to contact the U. S. Commissioner and have [] released.

b6
b7C

It is noted that [] was apprehended at Tucson, Arizona, by Bureau Agents on October 15, 1953, at 11:55 a.m., as a result of a surveillance conducted at the general delivery window at the U. S. Post Office there. [] called for her mail at which time she was accompanied by a man who was identified from a previous description furnished as []. The apprehension was effected by SAs [] and [] who were acting under the direction of SA McKee.

b6
b7C

SA McKee arrived at the resident agency approximately ten minutes after the arrest of [] and, under questioning, [] advised he had been in Joplin, Missouri with [] on or about September 16, 1953, and had been traveling in a 1942 green Pontiac sedan as described in Charlotte airtel of September 24, 1953. He also admitted deserting from the U. S. Army in 1942 and receiving a ten-year sentence December 13, 1944, on an armed robbery charge.

b6
b7C

[] denied using any of the aliases of unsub in this case or cashing any of the checks in this case. He was advised that inasmuch as a warrant was outstanding in this matter, he would be taken to the U. S. Commissioner who would decide whether or not he would be released, and he agreed to go. At 2 p.m., he was taken before U. S. Commissioner Thomas H. McKay who was fully advised of the facts in this case and that [] denied being identical with the unsub.

b6
b7C

The U. S. Commissioner ordered him held on \$1,000 bond pending receipt of certified papers from the Charlotte Office. On October 16, 1953, the Charlotte Office, by teletype, advised Phoenix that six witnesses were unable to identify the photograph of McCarl as being identical with the subject in this case. The U. S. Commissioner was immediately notified by SA McKee and he stated he would have the Marshal release [] pending further inquiries. [] was released on his own recognizance, and a similar hearing was set for October 21, 1953. On October 21, 1953, the U. S. Commissioner dismissed all charges against [] and released him.

b6
b7C

The Charlotte Office, by airtel of 11/20/53, has advised that this case has been assigned to SA [redacted] since July 6, 1953, but that he was at in service training from 9/28, to 10/16/53. This case has been supervised during September and October by SA James M. Underhill. The Charlotte Office advises that upon receipt of Kansas City airtel of 9/21/53, that on 9/24/53, Charlotte, office of origin in this case, forwarded to all interested offices, information developed by Kansas City concerning [redacted] as a suspect with the specific request that Chicago make every effort to determine if subject is identical with [redacted] through obtaining photo and description if possible, and forwarding same to Kansas City and Charlotte for identification.

b6
b7C

The Chicago Office, by AMSD letter, forwarded one copy of two different views of [redacted] to Charlotte on 10/9/53. On 10/12/53, Agent [redacted] was given the photos of [redacted] and requested to display them to witnesses in the Charlotte area for possible identification. These views of [redacted] were also furnished to the Kansas City Office. Agent [redacted] on 10/13/53, exhibited photos of [redacted] to ^{seven} witnesses in Charlotte. Only one of them concluded that the photos resembled unsub, with alias [redacted].

b6
b7C

SA Underhill directed SA [redacted] to have copies made of the photographs as soon as possible in order that they could be displayed to check victims in other areas throughout the state in order that a definite determination could be made from witnesses who had a more recent opportunity to view the check passer than those in Charlotte so that the matter could be more definitely resolved. The photos were ordered made on 10/14/53, and were returned late in the afternoon of 10/15/53, from the Contract Photo Service and were routed to Agents covering pertinent areas throughout the state with instructions for immediate display to victims.

b6
b7C

On 10/15/53, at 11:45 p.m., the Charlotte Office received a teletype from Phoenix advising that [redacted] had been apprehended at Tucson and denied passing the checks in instant case. By teletype of 10:51 a.m., 10/16/53, Phoenix was advised that witnesses at Charlotte failed to identify a photo of [redacted] as the subject and that only one witness stated that the front view photo resembled him. Copies of [redacted] photo on 10/16/53, were displayed to additional witnesses at Salisbury and Shelby, North Carolina, without effecting an identification and Phoenix was advised by teletype of 4:50 p.m., 10/16/53, that "seven additional witnesses, Shelby and Salisbury, N. C. do not identify photo of [redacted] as subject."

b6
b7C

In connection with the above, it is noted that the Phoenix Office, by airtel of 10/23/53, advised that prior to the Commissioner's hearing on 10/16/53, a teletype was received from Charlotte which stated that six witnesses at Charlotte, N. C., had failed to identify photographs of [redacted] as the subject and that one witness stated the front view of [redacted] photo resembled subject. It therefore appears from the information furnished by the Charlotte and Phoenix Offices that prior to the arrest of [redacted] on 10/15/53, the Charlotte Office had exhibited the photograph of [redacted] to six persons who did not identify him as unsub with alias [redacted].

b6
b7C

Inasmuch as the Charlotte Office received a copy of Kansas City teletype of 9/24/53 which was directed to Phoenix and which instructed the Phoenix Office to determine if subject was in contact with [redacted] at Tucson and, if so, to apprehend subject, it appears that the Charlotte Office should have been alert to the possible apprehension of [redacted] at Tucson and that Phoenix should have been immediately advised on 10/13/53, that six persons in the Charlotte Division had failed to identify a photo of [redacted] as unsub, with alias [redacted].

b6
b7C

It is noted that this information was immediately furnished to Phoenix when the apprehension of [redacted] at Tucson was made known to the Charlotte Office by Phoenix teletype of 10/15/53.

b6
b7C

It is to be noted that [redacted] was apprehended by Bureau Agents at Belmont, N. C., on 11/7/53, and has admitted his identity as the person who passed the [redacted] checks in this case.

b6
b7C

The SAC's at Kansas City and Phoenix recommend that no administrative action be taken against personnel handling this case in their divisions. The SAC at Chicago recommends a letter of censure be directed to SA Robert G. Sundquist.

DATE: 2/13/54

Not 2/15/54.

An examination of the records of this office
data that this case was assigned to the desk operated
the 4011 in the office from the date of its inception.
for supervision originally by ASAC W. G. SIMON until his
retire 5/1/53. The office was without an ASAC and
relied on the work on the desk until the arrival of
WESLEY G. GRAPP on 7/21/53.

The file reflects that the case was opened and
assigned to SA CHARLES E. CLEVELAND and remained assigned
until the time of his departure following the
issuance of a regular inactive report on 1/11/54. Mr.
Cleveland is now assigned to the Cincinnati Office. Denver
Office has custody.

The file contains a memorandum from Resident
Agent [redacted] at Topeka, Kansas, received
3/1/54, stating "subject [redacted] appeared in USDC,
Topeka, Kansas, on 2/1/53 where he entered a plea of
guilty to the indictment against him and was sentenced
to three years." The original was routed to CLEVELAND
with notation "include in next report", initials "WGS",
which was initialed for filing by CLEVELAND. The report
of SA [redacted], dated 3/1/53, at Kansas City,
obviously had been prepared prior to the development of
the information by [redacted] that [redacted] had entered a plea
of guilty, inasmuch as it appears that his name was
initially dated 2/20/53 and had been erased and the
later date. This outgoing report was initialed by WGS.

On 3/1/54 a letter was directed to the
Director by "GC", which is Agent CLEVELAND, and in the
first paragraph the statement is made that [redacted] appeared
in District Court in Topeka, Kansas, on 2/1/53, entered a

plea of guilty to indictment and was sentenced to three years in the State of the Attorney General. This letter was approved [redacted] and ordered posted. The file fails to reflect any report from the Kansas City Office until the report of 1/11/54. Another letter sent out from Kansas City to San Francisco on 4/10/53, with copies to Denver and Milwaukee, regarding further checks and this letter was approved by Relief Supervisor JAMES E. HATHAWAY and ordered posted. On 5/18/53 Denver wrote a letter to the Director pointing out that [redacted] had been convicted and sentenced in the Kansas City Division and that an indictment had been returned against the other subject, [redacted], in the Kansas City Division. Denver requested that Kansas City be made office of origin. In the meantime, on 5/21/53, a letter went to the Director in this case containing information about [redacted] and the fact that he was fingerprinted and had his palm prints taken under the name of [redacted], further that he pled guilty to the VTSP charges and was sentenced at [redacted]. This letter was approved by Relief Supervisor JAMES E. HATHAWAY and ordered posted.

b6

Shortly thereafter Mr. SIMON was transferred to New York. On 6/5/53 a letter was received from the Bureau changing the office of origin to Kansas City. This letter was routed to Mr. CLEVELAND and initialed by him for filing. On 6/10/53 Resident Agent [redacted] submitted a memorandum in which he states that the AUSA in Topeka, Kansas, has advised that inasmuch as [redacted] has already been prosecuted, none of the checks need be retained; that since [redacted] is still in custody in the State of Wisconsin, he is of the opinion that checks passed by [redacted] should be retained and he suggests a review of the [redacted] the Agents to whom the case is assigned in order to carry the lead set forth in the report of SA [redacted] dated 5/10/53 at San Francisco. This memorandum was routed to CLEVELAND with a notation "Handle on return 6/12." It is initialed for the file by CLEVELAND.

b6
b7C

After the desk was taken over by ASAC GRAPP, the file reflects that on 7/31/53 he sent a routing slip to CLEVELAND telling him to handle this case and that on 8/31/53 he again requested CLEVELAND to get this matter handled on an urgent basis. The file reflects that when no response was received from CLEVELAND, Mr. GRAPP on 10/26/53 sent a memorandum to CLEVELAND calling his attention to the

previous routing slips, the delinquencies in this matter and strongly instructing him to promptly handle this case. This memorandum is initialed for the file by CLEVELAND.

In addition to the above action, this case was discussed with SA CLEVELAND on five occasions by the supervisory personnel during monthly file reviews subsequent to ASAC GRAPP's arrival. Because of a shortage of personnel at that time this case could not be reassigned.

Since July 1953 the case load in this office has averaged approximately 1800 pending cases at the end of each month. During the prior four months of the pertinent period the average case load was 1523 pending cases. During the entire pertinent period this office has operated with three supervisory desks. The case load on each desk has remained approximately the same in proportion and is at present as follows:

SAC's Desk	260 cases
ASAC's Desk	840 cases
Supervisor's Desk	702 cases

With the new administrative plan in effect in an office of this size, it is possible that as would be possible to have a case load on each desk. It would seem that an Agent of CLEVELAND's experience would have been able to get out a report reflecting the guilty plea and sentence, along with a parole report, without having some supervisor follow him day by day in this matter. It would appear that the submission of a report reflecting the sentence and a parole report should have been handled early in the 1953 calendar year and long before the GRENAP case. After the GRENAP case started the supervisory staff was hampered to get a

SAC ELLSWORTH: Mr. GRAPP has been ASAC at Kansas City since 7/21/53. Assigned to his desk are 31 Agents and a variety of criminal cases. He learns very rapidly and is anxious to receive suggestions for improvement of his work. He strives to continuously follow the Bureau's instructions. He is a very good disciplinarian and does not hesitate to call to the attention of his men any errors which they commit. He likes to study both sides of a problem and will argue his point but when a decision is made, he carries it out. He works well with me. He handles the office well in my absence. He is gaining experience in administration, in employee and public relations, and should continue to develop towards further advancement.

Rating: Satisfactory

INSPECTOR STEIN: Grapp presents a good personal appearance and is very industrious. He is developing as an ASAC but needs additional experience as an ASAC before he should be considered for greater responsibilities. He is very industrious and works harmoniously with SAC Ellsworth.
